For drivers who have entered the Ignition Interlock Program, the length of the licence suspension shall be calculated from the date the licence was suspended to the date the Ignition Interlock Program was entered. *For example*: Licence was suspended from January 1 to July 1. The driver entered the Interlock Program on March 1. Therefore the total time the driver's licence is considered to have been suspended is 2 months not 6 months. 	cancellation of an automobile policy due to non-payment of premium in the 36 months immediately preceding the effective date of the policy term. If Pay Plan is requested on a policy which includes both eligible and ineligible vehicles, a separate policy must be issued for the ineligible vehicle(s) and it may not be placed on Pay Plan. Existing policies, which include ineligible vehicles and are now on Pay Plan, shall be allowed to remain on Pay Plan until the expiry date of the current term. A Servicing Carrier may issue 6 or 12 month policies or both, but if a Servicing Carrier provides only one choice, it must provide Pay Plan for that choice. If a Servicing Carrier issues both 6 and 12 month policies, it may restrict Pay Plan to 12 month policies. **2. Calculation of Amount Payable** The total policy premium is the net premium plus service fee. A finance charge, authorized by government regulation that may be amended from time to time is applied to the total policy premium. In addition, any applicable provincial sales tax is calculated on total policy premium. The total policy premium plus the finance charge plus the sales tax is the total amount payable. **3. Placing a Policy on Pay Plan** The Servicing Carrier shall require a fully completed and signed Pay Plan authorization (Servicing Carrier's own form), a void cheque and the downpayment consisting of one sixth of the total amount payable (one third for six month). The downpayment is a guaranteed payment and may only be made in one of the following forms: i) Cash ii) Money order iii) Insured's certified cheque iv) Broker's cheque in lieu of the above	vehicles under common ownership or management. • The total annual premium payable under the contract exceeds $300. • The Insured has not had more than one automobile insurance policy terminated by an Insurer for non-payment of premium during the thirty-six months before the contract takes effect. • As a pre-condition for permitting an Insured to pay the premium in instalments, an Insurer may require that the Insured: 1. Make an initial payment equal to two monthly instalments of the premium; and 2. Agree to make all payments under the contract by pre-authorized payment from the Insured's account at a financial institution. • A finance charge, authorized by government regulation that may be amended from time to time is applied to the total policy premium. (The total policy premium is the net premium plus service fee.) • A returned item charge of $50 applies to failed withdrawal attempts.	

Rule	Current Wording in Manual	Approved Wording	Change
	The balance of payments shall be made in 10 (4 for 6 month) equal monthly installments by automatic debit to the policyholder's bank account. Installments shall be debited monthly commencing one month after the effective month and ending in the 10th (4th for 6 month) month. *For example*: The policy takes effect in July for a 12 month term. The downpayment covers two months premium. Withdrawals from the policyholder's bank account shall commence in August and end in May. If the Agent/Broker issues his/her cheque in lieu of cash, money order or Insured's certified cheque, it is understood that the payment is guaranteed. The Agent/Broker cannot request cancellation of the policy for non-payment if the Agent/Broker has failed to collect sufficient premium from the Insured or the Insured's uncertified cheque is returned from the bank due to a failed withdrawal attempt. **a. New Business Documentation** If the application is not accompanied by the fully completed and signed Pay Plan authorization, the downpayment and a void cheque or full banking information, the Servicing Carrier shall immediately advise the Agent/Broker that the policy shall be issued on a Broker Bill basis. **b. Renewals Being Transferred from Broker Bill to Pay Plan** Renewal documents for expiring Broker Bill policies must be forwarded to the Agent/Broker not less than 45 days prior to renewal date. If the policyholder wishes to change the renewal from Broker Bill to Pay Plan, the fully completed and signed Pay Plan authorization form, downpayment and void cheque must be received by the Servicing Carrier no later than 15 days after the renewal effective date. Otherwise, the renewal shall remain on Broker Bill.		

Rule	Current Wording in Manual	Approved Wording	Change
	c. Renewals Being Transferred from Direct Bill to Pay Plan An offer to renew for expiring Direct Bill policies must be forwarded to the Insured not less than 30 days prior to the renewal date. If the policyholder wishes to change the renewal from Direct Bill to Pay Plan, the fully completed and signed Pay Plan authorization form, downpayment and void cheque must be received by the Servicing Carrier no later than 15 days after the renewal effective date. Otherwise, the renewal shall remain on Direct Bill or shall lapse depending upon the circumstances **D. Monthly Pay Renewals** The Servicing Carrier shall send renewal documents to the Agent/Broker not less than 45 days prior to renewal date or to the Insured not less than 30 days prior to renewal date with a copy to the Agent/Broker. The documents shall advise of the new monthly installments to be debited to the policyholder's bank account. Servicing Carriers have two options for collection of renewal monthly pay premiums: a) 12 (6 for 6 month) equal monthly deductions commencing in the month prior to the renewal date b) double deduction on the renewal date to cover 2 months premium and 10 (4 for 6 month) equal monthly withdrawals thereafter. **E. Renewal Not Accepted or First Withdrawal Attempt for Renewal Fails** If the policyholder does not accept the renewal, renewal documents must be returned to the Servicing Carrier within 15 days of renewal date in order to obtain flat cancellation. Any premium collected for the renewal term shall be refunded to the policyholder when the installment has cleared the bank. If the policyholder does not return the renewal for cancellation and the first installment is NSF, the Servicing Carrier shall cancel the policy by registered letter for non-payment according to the Statutory Conditions

	and allow the Agent/Broker a flat cancellation. The earned premium for the Insured shall be calculated on a pro rata basis. **F. When the Installment Withdrawal Attempt Fails** If a policyholder's installment fails to clear the bank on the intended withdrawal date, the Servicing Carrier shall within 10 days of receiving such notice from the bank, issue a registered letter of cancellation for non-payment according to the Statutory Conditions. The earned premium shall be calculated on a pro rata basis. **G. If the Policyholder Wishes to Continue Coverage** *Request received before cancellation takes effect* The request for reinstatement must be accompanied by payment of the defaulted premium installment in full plus premium required to bring the policy to current status and a returned item charge (NSF etc.) of $50.00. The payment must be in the form of certified cheque, cash, money order or broker cheque. Where the policy was cancelled as a result of problems with the Insured's bank account (account closed, cannot trace, no chequing privileges, refused by payor etc.) the Broker/Insured must also supply a new fully completed and signed Pay Plan Authorization (Servicing Carrier's own form) and void cheque. *Request received after cancellation has taken effect* A new application, void cheque, downpayment and Pay Plan Authorization are required to issue a new policy. The policyholder must pay any outstanding earned premium in full plus a return item charge (NSF etc.) of $50.00. If the Insured has had two or more cancellations for non-payment within the 36 months immediately preceding the effective date of the new policy, the new policy cannot qualify for pay plan.		

Rule	Current Wording in Manual	Approved Wording	Change
	H. Additional Premium Policy Changes If an additional premium is required after the policy has been issued, the extra premium, applicable service fee, finance charge and provincial sales tax shall be added to the outstanding balance and spread over the remainng withdrawals. The revised monthly installment shall be calculated from the effective date of the change, not from the processing date in order to ensure the collected premiums keep pace with the earned premiums. This means that the Servicing Carrier will either debit the Insured's account twice in the same month the policy change is processed or increase the next month's withdrawal to catch up any earned premium. If a policy change is processed after the last withdrawal, the Servicing Carrier may request payment of the entire additional amount or the Servicing Carrier may make a single withdrawal from the Insured's account for the entire additional amount. **I. Return Premium Policy Changes** If a return premium results from a policy change, the return premium including the applicable service fee, finance charge and provincial sales tax shall be deducted from the outstanding balance and the result shall be divided equally over the remaining withdrawals. In the event the application of the return premium results in a credit balance, a refund cheque shall be issued to the Insured upon confirmation that the last withdrawal has cleared the Insured's bank account. **J. Removing a Policy from Pay Plan Midterm** The Insured may, at any time, pay in full the entire amount of a policy change or the outstanding balance in the form of cash, money order or certified cheque. The unearned finance charges shall be refunded on a pro rata basis from the date of payment to the expiry date

	of the policy. **K. Cancellation at Insured's Request** If the policyholder requests cancellation of a policy midterm, the return premium including the applicable service fee, finance charge and provincial sales tax shall be deducted from the outstanding balance. Upon confirmation that the last withdrawal has cleared the bank, any resulting credit shall be refunded to the Insured. The earned premium shall be calculated in accordance with Short Term Table 1 or 2. If the service fee has been capped, see Rule 423. **L. Agent/Broker's Service Fee** The Agent's/Broker's service fee forms part of the monthly premium withdrawal. The fee shall be shown on the statement of agency account and is to be paid to the Agent/Broker within 30 days of the close of the accounting month. Where a policy has been cancelled or a return premium policy change has been issued, the resulting return service fee is to be paid to the Servicing Carrier within 30 days of the close of the accounting month.

For a complete description of the coverage, see the actual endorsement form and the 'Supplement'. The limit in respect of any one accident (i.e. all claimants) is normally the difference between the Liability limit carried by the other motorist and the Liability limit applicable to the insured vehicle. If the latter is greater than $1,000,000, however, the coverage provided by the END 44R must be limited to $1,000,000; the limitation must be specified on the face of the policy and on the special 'Family Protection Coverage Restriction' form (to be signed by the Insured). Rating Premiums are dependent on class of vehicle and limit of Liability. Premiums are shown on rate pages in each section of the manual.	Purpose Provides limited protection to the Insured, spouse and certain relatives in the event of bodily injuries caused by another motorist who has less Liability insurance than the Insured. For a complete description of the coverage, see the actual endorsement form and the 'Supplement'. The limit for any one accident (i.e. all claimants) is normally the difference between the Liability limit carried by the other motorist and the Liability limit applicable to the insured vehicle. Rating Premiums are dependent on class of vehicle and limit of Liability. Premiums are shown on rate pages in each section of the manual. This endorsement is not available on 'Public Vehicles' as described in the Public Section of this manual or any other vehicles used in the manner of 'Public Vehicles'.	Extends END 44R to correspond with the purchase of a higher Liability limit resulting in both having the same limit. Removes need for Family Protection Restriction form.

Rule	Current Wording in Manual	Approved Wording	Change
	'Public Vehicles' as described in the Public Vehicles Section of this manual or any other vehicles used in the manner of 'Public Vehicles' – Not offered If the 'Restriction' endorsement is used, the premium is to be calculated as if the Liability limit in respect of the vehicle equalled the restricted amount of Family Protection coverage.		

This Manual is intended for use in Ontario.

All rules pertaining to the underwriting and rating of a specific class of business are located within that section of the manual. Each section is self-contained.

Plan Of Operation

The object of the Facility Association is to ensure the availability of automobile insurance, as required by law, in those provinces and territories of Canada in which the Association operates, to the owners and licensed drivers of motor vehicles who would otherwise have difficulty obtaining such insurance, subject always to payment of the required premium.

The required policies will be issued and serviced by the companies that are designated as 'Servicing Carriers' on behalf of the Facility Association.

For the convenience of Applicants, the Facility Association will, in most cases, make available certain non-compulsory insurance coverages described in the Manual of Rules and Rates to eligible risks. The Association reserves the right, however, to decline to provide or continue such coverages in individual cases or to impose special premiums and/or terms for acceptance or continuance.

Risks Not Specifically Provided For

For any type of vehicle, coverage or use that is not specifically provided for in this manual, Agents/Brokers must contact their

Servicing Carrier and provide details in writing when requested to do so.

Where the Servicing Carrier requires assistance in these circumstances, the Servicing Carrier shall contact FA Head Office.

Note: 'Excess Automobile Liability Insurance' (POL 7) or 'Lessor's Contingent Insurance' (POL 8) are not available through Facility Association.

Facility Association Agency Account

The Servicing Carrier shall maintain a separate Facility Association agency account in the name of each assigned Agent/Broker. That account is hereinafter referred to as 'the agency account'.

Entries in the Agency Account

1. Every new policy premium shall be debited to the agency account in the month the policy is issued or the policy effective month, whichever is later.

2. Every renewal premium shall be debited to the agency account in the renewal's effective month.

3. The difference in premium recorded by a correcting endorsement (e.g. for 'additional charges') shall be debited/credited to the agency account in the month the endorsement is issued or the effective month of the policy period, whichever is later.

4. The additional/return premium indicated on a policy change shall be debited/credited to the agency account in the month the endorsement is issued or the effective month of the endorsement, whichever is later.

5. The additional/return premium indicated by a premium adjustment transaction shall be debited/ credited to the agency account in the month the adjustment is issued.

6. The amount of a cancellation return premium or, in the case of a cancellation for non-payment of premium, the difference between the amount(s) previously debited and the amount for which the Agent/Broker is responsible, shall be credited to the agency account in the month the cancellation is effective or the month the cancellation is notified, whichever is later.

7. If a policy change on an Agency/Broker bill policy involves a return premium or if a cancellation of a policy is requested by or on behalf of the Policyholder, the Agent/Broker (or, in case of direct billing, the Servicing Carrier) is responsible for the prompt dispatch of the gross refund to the Policyholder or to the finance company if a premium finance contract is in existence.

8. In the event of reinstatement of a cancelled policy, the reversal of the cancellation entry shall be debited to the agency account in the month the reinstatement is effective or the month the reinstatement is notified, whichever is later.

9. If the Servicing Carrier issues a cheque in respect of a return premium (e.g. to the Insured on cancellation of the policy, or to the finance company if a premium finance contract is in existence), the amount thereof shall be debited to the agency account in the month of issue so that, with the net return premium being credited to the agency account, the Agent/ Broker is responsible for the amount of commission on the return premium.

10. If the Servicing Carrier receives payment from another (e.g. the Insured or a premium finance company) in respect of a premium that has been or shall be debited to the agency account, the amount of the payment shall immediately be credited to that account unless the Agent/Broker is restricted to a 'cash basis', in which event payments shall only be credited against the relative debits.

11. If the time on risk charge or balance thereof requested in a cancellation notice is paid to the Servicing Carrier, the Carrier shall immediately:

a) make the appropriate entry in the agency account if the full amount of the charge has not been debited; and
b) credit the amount received to the agency account.

12. The authorized rate of commission is to be shown for every debit/credit in the agency/brokerage account.

Payment of Agency Account

1. A statement of the agency account shall be prepared and dispatched by the Servicing Carrier immediately after the close of each month.

2. The outstanding balance shown on the statement of account is payable to the Servicing Carrier within 30 days of the close of the account month with the exception of:

a) Agents/Brokers who are required to remit cash with application, including all newly appointed Agents/Brokers not previously approved for payment on another basis by the Provincial Operating Committee.
b) Agents/Brokers in default according to Overdue Agency Account point 2.
c) Agents/Brokers who have previously qualified to remit payment by their own statements (see Note 6 below).

3. The Agent/Broker is required to settle the account in accordance with the statement. Payment of any amount other than the indicated account balance must be accompanied by a list of items that were incorrectly charged; these are defined as:

a) An incorrect charge due to coding error e.g. premium for $500 charged as $5,000.
b) An incorrect charge due to duplication e.g. the same item appears twice on the statement.
c) A renewal item which appears on the statement and for which the Agent/Broker has submitted the forms and downpayment necessary to place the risk on the Monthly Payment Plan.

A premium for which cancellation is to be processed is not an incorrect item except in the case of a renewal premium not required by the Insured, in which case the Agent/Broker must obtain confirmation from the Servicing Carrier that the notice of cancellation has been received within the required time.

If the Servicing Carrier permits settlement of the account on any other basis, the Carrier shall be responsible for any deficiency that ensues therefrom.

4. Payment of agency account statements may, unless some restriction is placed on the Agent/Broker's powers, be in the form of the Agent's/Insured's premium finance company's cheques and/or money orders, payable to the Servicing Carrier as well as electronic transfer of funds to the Servicing Carrier.

Payment may not be made in cash unless it is personally delivered to the appropriate official at the office of the Servicing Carrier during normal business hours and a receipt is obtained.

5. If there is a credit balance in the agency account the Servicing Carrier shall send a cheque for the amount due with the statement.

6. Agents/Brokers who wish to remit payment by their own statement are required to meet and abide by the following conditions:

a) Must apply in writing to and be approved by their Servicing Carrier to remit premiums based on their own statement.
b) Require a minimum additional three non-specialty automobile insurers.
c) Must have owned or managed the agency for a minimum of two years.
d) No principal, licensed employee or sub-agent indebted to Facility Association.
e) Designated individual is a director and officer of the agency.
f) Must consent to credit review as required and supply letters from 3 (three) 'non-specialty' carriers indicating satisfactory payment history.
g) Must have satisfactory history with Facility Association and all accounts must be current.

7. Where the Servicing Carrier has approved the Agent/ Broker to remit payment on the basis of the Agent's/ Broker's statement and where no restriction has been placed thereon:

a) The Agent/Broker must submit his/her statement on a timely basis so that it is received by the Servicing Carrier no later than the 15th day of the month following 'statement month'. A post dated cheque for payment dated no later than the last day of that month must accompany the statement.

b) The Servicing Carrier shall reconcile Agent's/ Broker's account and payment with its own statement and notify the Agent/Broker of differences no later than the 15th day of the second month following statement date.

c) The Agent/Broker shall resolve all differences with the Servicing Carrier by the last day of the second month following statement date and pay any resultant outstanding amounts.

d) All items in dispute must be resolved between the Servicing Carrier and the Agent/Broker by the last day of the third month following statement month. If an item remains in dispute the Agent/ Broker must pay the outstanding amount or have made an appeal for dispute resolution to the Provincial Operating Committee c/o Facility Association Head Office. Any such appeal must be in writing, clearly detailing the circumstances and enclosing supporting documentation and evidence where available in support of the position.

AN APPEAL BY AN AGENT/BROKER FOR DISPUTE RESOLUTION MUST BE RECEIVED IN THE FACILITY ASSOCIATION OFFICE NO LATER THAN THE LAST DAY OF THE THIRD MONTH FOLLOWING THE STATEMENT DATE AND BE COPIED TO THE SERVICING CARRIER TO AVOID AN ACCOUNT BEING DECLARED 'OVERDUE'.

e) Should an account not be settled in full, excluding any item before 'Dispute Resolution' as provided in d), the Servicing Carrier shall proceed immediately with provisions set out in Overdue Agency Account placing the Agency under immediate 'suspension', curtailing them from transacting Facility Association business.

f) The Servicing Carrier shall be held responsible to Facility Association for disputed or unreconciled items which remain unpaid and are not before Dispute Resolution after the last day of the third month following statement date should they have not followed the procedures set out above.

g) Dispute Resolution - Once a decision is rendered, payment of the item(s) is due within 10 days or the Servicing Carrier must immediately adjust the account entry to comply. Failure to pay the outstanding balance shall place the Agent's/ Broker's account in an 'overdue' position and the Servicing Carrier shall immediately proceed with provisions under Overdue Agency Account.

Note:

i. Where a chronic situation develops of late or omitted items that are consistently resolved in the Servicing Carrier's favour, the Servicing Carrier shall immediately report this to the Facility Association Head Office for review by the Provincial Operating Committee of the 'Payment Method' permitted.

ii. If an Agent/Broker fails to file his/her statement or is late 3 times in a 12 month period, the Servicing Carrier shall report this immediately to the Facility Association Head Office and place the Agent/Broker on Payment by Company Statement.

iii. Should an Agent's/Broker's contract be limited or 'suspended' and subsequently reinstated; such reinstatement may only be on a basis of payment of account by 'Company Statement' or 'Cash' as per Section 1. of the Agency-Broker/Servicing Carrier Agreement. A new application would have to be made by the Agent/Broker and approved by the Provincial Operating Committee to reinstate payment by Agent/Broker statement.

Midterm Transfer of Business and Broker of Record Letter of Authorization

Broker of Record Letters of Authorization for an Insured to change Agent/Broker are not accepted. A new application must be submitted whether the transfer from one Agent/Broker to another is to take place midterm or at renewal.

Midterm transfer of a book of business or partial book of business from one Agent/Broker to another is not permissible. The transfer will take place at renewal. It is expected the new Agent/Broker will review the risk carefully for remarket before renewing with Facility Association.

Overdue Agency Account

1. If settlement of an account is not made by the due date the Servicing Carrier shall immediately put the Agent/ Broker on notice that payment is overdue.

2. If the account is not settled 10 days after the due date, the following provisions automatically become operative and the Servicing Carrier shall so confirm to the Agent/Broker by registered letter (copy to the Facility Association's Head Office):

a) No new business shall be accepted unless accompanied by a money order or certified cheque (or a premium finance company's cheque) for the gross premium, payable to the Servicing Carrier.

b) No policy change involving a substantial additional premium (e.g. for an additional vehicle or additional coverage) shall be accepted unless the appropriate additional gross premium is paid (in the manner indicated in 'a' above) with the change request.

c) The Servicing Carrier shall issue lists of expiring policies, showing the relative renewal premiums, but no policy shall be renewed unless the gross premium is paid (in the manner indicated in 'a' above) no later than the renewal date.

d) Except where payment is immediately being made in the indicated manner, the Agent's/ Broker's authority to bind the Servicing Carrier is suspended.

3. If the account is still not settled 25 days after the due date:

a) The Agent/Broker is automatically suspended from transacting any further Facility Association business and the Servicing Carrier shall so confirm to the

Agent/ Broker by registered letter (copy to the Facility Association's Head Office).

b) The Servicing Carrier shall then immediately retrieve all Facility Association supplies from the Agent/ Broker, including Facility Association policy files. The Servicing Carrier shall then service the business until either the Agent's/ Broker's account is settled or for a period of 60 days in which case the cancellation of the agency shall become effective and the appropriate procedures outlined in the contract shall prevail.

4. If the account is still not settled 35 days after the due date, a report on the Agent's/Broker's failure to settle his/her Facility Association accounts shall immediately be forwarded to the provincial regulatory/licensing authority, with a copy to the Facility Association's central office so that further action may be determined.

5. Notwithstanding the indicated sequence of the foregoing steps, the Servicing Carrier may, if at any time it has reason to anticipate difficulty in obtaining settlement of an Agent's/ Broker's overdue account, proceed directly to Step 2, 3 or 4.

Rule 100: Filed Underwriting Rules

A. The Insurer's rules for declining to issue, terminating or refusing to renew a contract are:

1. The risk does not meet the definition of a residual market risk as defined in Rule 107: Eligibility.

2. The Applicant does not have an insurable interest in the vehicle.

3. The vehicle is registered in a jurisdiction other than one in which the application for coverage is being completed or the vehicle is not operated at any time in a jurisdiction in which the Association operates. If the vehicle is registered in another jurisdiction in which Facility Association operates, the vehicle may be insured through an Agent/Broker and Servicing Carrier licensed in that jurisdiction.

   Exception: See Rule 100:C. Non-Residents and Vehicles Not Registered in Jurisdiction.

4. The driver of the vehicle does not hold a valid operator's licence. If the licence of the only driver is suspended, Facility Association shall provide a policy covering Comprehensive or Specified Perils cover only until there is a driver holding a valid operator's licence. See Rule 142: Suspension of Operator's Licence and Rule 101: Minimum Coverage.

5. The application is incomplete, has not been signed by the Applicant, or has not been bound by the Agent/Broker.

6. The Applicant/Agent/Broker refuses to provide the sufficient valid information to write the risk. 'Sufficient valid information to write the risk' includes data to properly rate the risk and to report the risk information in accordance with the Automobile Statistical Plan.

7. The vehicle is not in the possession of the Applicant (i.e., has been stolen or cannot be located). This restriction is not intended to be used as a denial of a valid theft claim.

8. A certificate of mechanical fitness and road worthiness has not been provided in accordance with the Manual of Rules and Rates e.g. home made vehicles, rate group listed as A.

9. Non-payment of premium for the current policy period (for purposes of termination only).

10. Any risk where abusive or threatening behaviour of the Insured/Applicant/Driver within the previous 3 years has created a safety concern for Facility Association staff, Servicing Carrier staff or a representative acting on behalf of either and circumstances have been reported to police.

B. Rules for refusing to provide or continue a coverage are:

1. Optional physical damage coverage shall not be provided where an Applicant or any person who is a regular or frequent operator of the vehicle, has, within the immediately preceding thirty-six months.

   i) When making a previous application for automobile insurance, given false particulars of an automobile to be insured to the prejudice of the Insurer;

   or

   ii) Knowingly misrepresented* or failed to disclose in an application any fact required to be stated therein;

   or

   iii) Has contravened a term of an insurance contract or been convicted of fraud in relation thereto;

   or

   iv) Wilfully made a false statement in respect of a claim.

2. Optional physical damage coverage shall not be provided where an application for a branded vehicle (salvage or rebuilt) is submitted without a valid vehicle registration and, at the Servicing Carrier's discretion, a current safety certificate.

NOTE: No policy will be written for vehicles branded 'irreparable'.

3. Where a vehicle is licensed for road use and is used on roads as well as for race or speed tests, optional physical damage coverage shall not be provided. For DCPD coverage, establish rate group according to Rule 116 Vehicle Rate Group and Rule 121 After Market Equipment.

The Servicing Carrier shall refer all refusals or noncontinuance to the Facility Association prior to declining coverage.

* Misrepresentation means an Applicant has either had a policy cancelled by registered letter for material misrepresentation or has had a claim denied for material misrepresentation.

C. Non-Residents and Vehicles Not Registered in Jurisdiction

These vehicles may be operated for 60 days at which point they must be registered and plated in Ontario. A policy of insurance may be required to cover the vehicle during this period. If necessary, FA will issue a short term policy for a period not exceeding 60 days to cover the insurance requirement. Upon expiry, the policy will lapse and will not be renewed. If the vehicle is registered in Ontario prior to the expiry of the short term policy, the short term policy will be cancelled pro rata and a new POL 1 will be issued for a 6 or 12 month term.

Rule 101: Coverages Available and Minimum Deductibles

A. Liability

Not more than $2,000,000 except:

- When required by American or Canadian federal or provincial statute, by regulations issued under authority thereof, or by municipal by-laws (but not by other local authorities such as school boards). If proof of insurance is issued, the amounts shown on the proof may not exceed those required by the authority concerned.

If it is necessary to provide a Liability limit that falls between two limits for which premiums or limit factors are indicated in this manual, the premium or limit factor applicable to the higher of those two limits shall be used.

Where it is **required and permissible** to provide a higher Liability limit and the manual does not provide the necessary increased limit factor, contact your Servicing Carrier.

B. Accident Benefits

As prescribed by statute. Optional increased benefits are also available.

C. Uninsured Automobile

As prescribed by statute.

D. Direct Compensation Property Damage

Deductibles are available.

E. Optional Physical Damage Coverage and Deductibles

All Perils coverage is no longer available.

Optional physical damage coverage shall not be provided or continued for any vehicle valued at $1,000,000 or more.

a) Minimum Deductibles

The following table indicates the minimum deductibles available.

CLEAR Rate Group	Minimum Deductible Collision / Comprehensive/ Specified Perils	Table A
1 - 40	$500	Up to $30,000
41 - 59	$1,000	$30.001-$60.000
60 - 79	$2,500	$60,001-$80,000
80 - 89	$5,000	$80,001-$100,000
90 - 99	$10,000	$100,001+

Refer to Rule 116: Vehicle Rate Group for further information on Rate Group A.

NOTE: For risks with claims, refer to the chart below. Where a risk is eligible for one deductible based on rate group and another based on claims, the higher deductible applies.

Number of Automobile Insurance claims (All Perils, Collision, Comprehensive, Specified Perils)			Deductible amount applicable to the coverage under which the claims were made*
In prior 12 months	In prior 36 months	In prior 60 months (fire and/or total theft)	
3	-	2	$2,500
-	3	-	$1,000
-	4	-	$2,500
-	5 or more	-	5% of LPN (minimum deductible $5000)
-	-	3 or more	No coverage offered

* Claims that have occurred under All Perils coverage shall be assigned to the appropriate section of the coverage i.e. Collision or Comprehensive.

NOTE: END 40 is mandatory on any vehicles with prior fire claims within the last 60 months

Higher deductibles shall only be imposed when there have been a sufficient number of claims under any given coverage to warrant such application. *For example*, one Collision loss and three Comprehensive losses in the previous 12 months shall result in the application of a $2,500 deductible on Comprehensive only. Only if the Insured has sustained three Collision losses as well, would $2,500 deductible be applied to the Collision coverage.

b) Vehicles insured for Comprehensive/Specified Perils only shall be renewed once and then lapsed at the next renewal if there is no other vehicle with Liability coverage on the policy. Vehicles insured for Comprehensive/Specified Perils only shall not be written as new business.

F. Family Protection Coverage (END 44R)

For a brief description refer to Rule 152: Endorsements Applicable to POL 1 (Owner's Policy). The premium varies with the Liability limit applicable to the vehicle.

The coverage limit provided by this endorsement is the same as the Liability limit applicable to the vehicle.

For example: If the vehicle is insured with a Liability limit of $2,000,000 the END 44R will also have a limit of $2,000,000.

END 44R is not available for private passenger type vehicles that are subject to the Public Section of this manual.

G: Minimum Coverage

Policies are required to provide at least the statutory minimum coverage applicable to the jurisdiction in which the vehicle is registered except as indicated below:

Exception

When an automobile is temporarily out of use and in storage:

a) Coverages other than Comprehensive or Specified Perils may be suspended by means of END 16 for those vehicles that are temporarily laid up. This endorsement does not suspend coverages that relate to 'driving other vehicles'. The endorsement may be used in respect of most private passenger and commercial-type vehicles. In no event shall a refund be granted for any cancellation period of less than forty-five (45) consecutive days.

Suspended coverages are reinstated by means of END 17.

b) In the case of an existing policy that includes Comprehensive or Specified Perils coverage, coverages other than Comprehensive or Specified Perils may be deleted.

Note: END 44R may remain on a policy only where 'moving' coverages have been suspended by means of END 16. If all coverages except Comprehensive or Specified Perils are deleted entirely, END 44R must be deleted as well. END 16/17 is not available on experience rated risks.

c) In the case of a new application, a policy may not be issued for Comprehensive or Specified Perils coverage only.

Note:
1. Neither a), b) or c) above is applicable for the following:

- Vehicles for which proof of insurance is issued or filed.
- Recreational vehicles to which the Recreational Section applies.
- Vehicles that were never intended to be driven (e.g. vehicles in a collection).
- Vehicles for sale whether or not on an auto dealer's lot.
- Experience rated risks.

Explanations:

Temporarily: – May be defined as 'a limited time only, as distinguished from that which is perpetual or indefinite in duration'. There is an anticipated end point to the vehicle being out of use. Agent/Broker must indicate on the application or policy change request what the anticipated end date is, whether that is 3, 8 or 36 months from the date of the request.

Out of use: – The vehicle will not be driven either by the Insured or by garage personnel or potential purchasers.

In storage: – The vehicle is not readily available for use e.g. the plates have been removed, the battery has been removed etc. The Agent/Broker must confirm on the application or policy change request that the vehicle is out of use and in storage.

If moving coverages are not added to the vehicle by the anticipated end date, the vehicle shall be renewed once and then lapsed at the next renewal if there is no other vehicle with road coverage on the policy.

If Third Party Liability and Accident Benefits coverages are removed or suspended more than twice in one year, then removal of those coverages will not be permitted until the following renewal. It is not necessary to remove the licence plate from the vehicle while coverage is removed or suspended

Rule 102: Optional Accident Benefits

The Insured may choose to enhance the basic benefits provided by POL 1 by choosing one or more of the following Optional Accident Benefits coverages. Refer to the Statutory Accident Benefits Schedule to ascertain the full provisions and restrictions.

A. Optional Benefits

Optional Income Replacement Benefit
Increases the maximum weekly amount of $400 to $600, $800 or $1,000, as selected by the named Insured under the policy.

Optional Caregiver, Housekeeping and Home Maintenance Benefit
For non-catastrophic injuries, provides benefit of caregiver up to $250/week for the first dependant and $50/week for each additional dependant. Also provides a housekeeping and home maintenance benefit of up to $100/week.

Optional Medical, Rehabilitation and Attendant Care Benefit
Combined optional medical, rehabilitation and attendant care benefit of $130,000 is available. Also available is an optional $1,000,000 combined medical, rehabilitation and attendant care benefit.

Optional Benefit for Catastrophic Impairment
Optional benefit for catastrophic impairment of up to $1,000,000 for medical, rehabilitation and attendant care is available if the insured person sustains a catastrophic impairment.

Optional Dependant Care Benefit
Provides a dependant care benefit of $75/week for the first dependant plus $25/week for each additional dependant to a maximum of $150/week.

Optional Death and Funeral Benefit
Increases the amount payable to a deceased person's surviving spouse to $50,000 and also $20,000 to each of the deceased person's surviving dependants. Also increases the maximum amount for funeral expenses to $8,000.

Optional Indexation Benefit
Indexes the income replacement, non-earner benefits and all benefit limits to the cost of living. Optional benefits may also be indexed.

B. Premium Calculation

The Optional Benefits are purchased on a per policy basis, meaning that the premium for the option chosen is only calculated for one vehicle on the policy and applies to all vehicles on the policy. The vehicle used to calculate the premium is the one that produces the highest basic Accident Benefits premium taking into account all surcharges. See special instructions for Fleets. The premium for each selected Optional Benefit must be shown separately on the application.

Optional Benefits added to a policy midterm are treated like any other policy change. The additional premium shall be calculated pro rata for the remainder of the term.

1. Determine the Accident Benefits premium for basic benefits from the rate pages.

2. Apply the appropriate accident and conviction surcharges and round to the nearest whole dollar.

3. Add the premium for the selected Optional Benefits.

4. If Optional Indexation Benefit is selected, multiply the premium calculated in Step 3 above (excluding Optional Death and Funeral Benefit) by the indexation factor and round to the nearest whole dollar.

C. Fleets

Only Optional Death and Funeral Benefit is available on fleets.

The premium for Optional Death and Funeral Benefit is the Optional Death and Funeral Benefit premium for the appropriate vehicle type e.g. private passenger, commercial, public etc.

If the Insured wishes to purchase other Optional Benefits on a fleet vehicle supplied for his/her personal use, that vehicle must be removed from the fleet policy and insured on a separate POL 1.

D. Rating Example

Rates shown are for illustrative purposes only and do not necessarily reflect actual premiums.

There are 2 vehicles on an annual policy with an effective date of November 1, 2010. Applicant is principal operator of Vehicle 1 rated 022 with a 50% surcharge. Spouse is principal operator of Vehicle 2 and rated 010. The Insureds would like Optional Income Replacement Benefit ($1,000), Optional Death and Funeral Benefit and Optional Indexation Benefit added effective May 1, 2011.

1. Find the Accident Benefit premium from the rate pages.
   Vehicle 1 $1,500
   Vehicle 2 $2,000

2. Apply any surcharges.
   Vehicle 1 $1,500 x 1.5 = $2,250.
   Vehicle 2 $2,000

3. Choose the higher premium - $2,250.

4. Determine the appropriate Optional Benefits premium in the appropriate section of the manual.

5.
   Income Replacement $958(private passenger)
   Death and Funeral $13(private passenger)

6. To determine Optional Indexation Benefit, multiply the total of the basic Accident Benefit premium plus the premium for Income Replacement by the factor for Indexation taken from the private passenger rate pages and round to the nearest dollar.
   $2,250 + $958 $3208
   Indexation = $3208 x .27 $866

7. Apply the pro rata factor to calculate additional premium for the period May 1 to November 1.

Income Replacement	$958
+ Death & Funeral 13	
+ Indexation of Basic & Income Repl	$866
Total	$1837
Pro rated at .50	$919

Rule 103: Binding Coverage – New Policies

A. Requirements/Procedures for binding new policies

1) The Agent/Broker must have a fully completed application signed by the registered owner(s) of the vehicle(s) detailing all information on the risk. Supplementary questionnaires, if required, must be completed and signed by the Applicant. If the Servicing Carrier is required to have a driver's permission to obtain a driver record abstract, that written authorization must accompany the application.

2) Before binding coverage the Agent/Broker must either:

a) Collect or assume responsibility for the full indicated premium (experience rated risks at Driving Record 0)
or
b) Where a vehicle qualifies for the monthly pay plan, provide all information and documents required to the Servicing Carrier.
or
c) Obtain a fully completed premium finance contract together with the full down payment required and promptly send that contract to the finance company office.

3) The insurance shall take effect as of the time and date the coverage is bound. Under no circumstances may coverage be shown as effective prior to the date and time of completion of the application form. Therefore coverage may not be bound as of 12:01 a.m. on the date the application is signed. However, except when the binding time is 12:01 a.m. of a future date, the policy shall be shown as effective at 12:01 a.m. on the day following the date coverage was bound. The premium rates to be applied are those in effect on the binding date.

For example:

a) Coverage is bound at 1:00 p.m. on June 1. The application is signed on June 1. The policy will be issued showing an effective date of 12:01 a.m. June 2. However, the coverage is in effect as of 1:00 p.m. on June 1.

b) Coverage is bound as of 12:01 a.m. June 1. The application was signed on May 29. The policy will be issued showing an effective date of 12:01 a.m. June 1.

4) If the application form cannot be sent to the Servicing Carrier on the date on which coverage was effected, it must be sent the next working day.

5) The Servicing Carrier shall normally issue the policy within 30 days of the effective date. If the Agent/Broker does not receive the policy and the full term liability card within that time, a further temporary liability card must be issued by the Agent/Broker and the Servicing Carrier must be contacted immediately to determine the status of the policy.

6) Before optional physical damage coverage can be bound on a vehicle branded as ‘salvage’ or ‘rebuilt’, a valid vehicle registration and, at the Servicing Carrier’s discretion, a current safety certificate must be provided to the Servicing Carrier with the application.

B. Term of binding new policies

The term of binding and of the temporary liability card is 30 days. The temporary liability card may not be amended to indicate a longer period. If a short term policy is to be issued, the temporary liability card shall be amended to indicate the shorter period.

Rule 104: New Policies

A. Application Form

Every application for insurance must be made on the current approved Standard Application Form and must be fully completed and signed by both the Applicant and Agent/Broker where required. See also Rule 104:D. Computer Generated Application Forms.

Commercial, garage, public, experience rated and some specially rated risks will require completion of supplementary questionnaires.

A copy of the valid registration for all owned vehicles being insured, regardless of vehicle type or use, will be required with the application. If the registration cannot be submitted with the application, a copy of the registration is required within 30 days of binding coverage.

Where a copy of the valid registration is not provided, the following shall apply:

- Policy shall be issued with all vehicles at the correct premium.
- If any registration is not provided within 30 days from the date requested by the Servicing Carrier, the policy shall be cancelled by registered letter.
- If the missing registration is provided before the cancellation takes effect, the policy may be reinstated.
- Agent/Broker may submit a new application for the vehicles meeting the registration requirement.

B. Owners Policy (APP 1)

A current approved Standard Application Form (APP 1) is required. The Agent/Broker must indicate the time and date that coverage is bound.

C. Faxed Applications

Fully completed and signed current approved Standard Application Forms submitted by fax are acceptable in lieu of original applications. Where required, these applications must be accompanied by the appropriate questionnaires or supplements. Where the original application has been submitted without signature, a signed and faxed copy of the application is acceptable to complete the signature requirement.

D. Computer Generated Application Forms

These application forms are acceptable but must be in the standard format approved by the applicable regulatory authority and must include all information that is required to be provided on the current approved Standard Application Form.

The computerized application must be signed and dated by the Applicant as well as the Agent/Broker.

E. Applicant's Signature

The Applicant's signature shall be provided on the current approved Standard Application Form or the computerized application form at the time of binding whenever possible.

If the Applicant's signature cannot be obtained at the time of binding, the Servicing Carrier shall allow the Agent/Broker 30 days to obtain a signature on the original application provided the Agent/Broker assumes responsibility for the full indicated premium. In the meantime, the Agent/Broker must send a copy of the completed but unsigned application to the Servicing Carrier.

If a signed copy of the application is not received by the Servicing Carrier within the 30 day time period, the Servicing Carrier shall immediately cancel the policy by registered letter. The Agent/Broker shall be responsible for the full indicated earned premium for the time on risk.

F. Name of the Insured

Insurance contracts must be made with individuals who have both the capacity to contract and are legal entities. If the Applicant is not an individual(s), the name(s) appearing on the policy must be that of a legal entity i.e. a limited company or partnership.

The name of the Insured must include or be the same as the name on the vehicle registration.

Two or More Names as Registered Owner of the Vehicle:

Where an application is received for vehicle(s) registered in two names, such as Pat and Drew Doe, the application must be signed by both parties. In the event the policy is to be cancelled at the Insured's request, both signatures are required on the request for cancellation. If the situation is other than the Applicant and spouse, refer to the Servicing Carrier prior to quoting or binding to verify the rating.

Two or More Vehicles Registered to Different Names:

If the Applicant has vehicles leased from different leasing companies, or, one vehicle registered for example in the father's name and one in the son's name, separate policies must be maintained.

If the Applicant has vehicle(s) leased from the same leasing company and owned vehicle(s), separate policies may not be necessary.

Exception: If the vehicles are separately registered to an Applicant and his or her spouse only, they may be insured under the same policy.

Both must sign the application and any subsequent request to cancel a policy or delete a vehicle or coverage.

Where it is discovered in the middle of the policy term, that a single policy has been issued with two (or more) vehicles, one registered in one name and one in another name, both signatures shall be required on any subsequent request for cancellation of the policy or deletion of a vehicle or coverage. Separate policies must be issued at the time of next renewal.

G. Other Insurance

If there is any other insurance in force in respect of a risk:

a) Binding shall not be made effective before the expiry of that other insurance.

b) If that other insurance is to be cancelled, a liability card may not be prepared before the Insurer concerned has issued the notice of cancellation, or the Insured has signed the request for cancellation as the case may be.

H. Verification of Driving History

In order to verify the driving history, the Servicing Carrier is required to obtain the following before confirming the premium:

a) Driver record abstract obtained from the appropriate government department in each Canadian or U.S. jurisdiction in which the driver has been licensed in the previous three years.

On experience (fleet) rated risks, the abstract is not required.

b) Previous Insurance History obtained on all drivers with the exception of drivers with only an international licence. This may be an electronic report ordered from a service provider, letters from previous carriers or telephone calls to previous carriers (which must be properly documented on file including name of persons spoken to, date, time etc.).

Insurance history is not required for Motorcycle, Moped, Snow Vehicles, Dirt Bikes, All Terrain Vehicles, Antique Vehicles. See special instructions under Fleets and the Garage section.

If the information received is different from that reported on the application, to the extent that the premium requires amendment, the policy shall be issued at the revised premium and coverage or the Servicing Carrier shall promptly issue a correcting policy change.

Rule 105: Monthly Pay

In accordance with the Insurance Act, Servicing Carriers must offer and administer a monthly payment plan for business they write on behalf of Facility Association as prescribed by regulation.

The Servicing Carrier will establish the rules for monthly payment plan subject to the following conditions and any changes to regulation that may occur from time to time:

- The contract is written on Ontario Automobile Policy 1 or Ontario Policy Form 2.
- The contract does not insure a commercial vehicle or public vehicle.
- The contract does not insure five or more vehicles under common ownership or management.
- The total annual premium payable under the contract exceeds $300.
- The Insured has not had more than one automobile insurance policy terminated by an Insurer for non-payment of premium during the thirty-six months before the contract takes effect.
- As a pre-condition for permitting an Insured to pay the premium in instalments, an Insurer may require that the Insured:
  1. Make an initial payment equal to two monthly instalments of the premium;
     and
  2. Agree to make all payment under the contract by pre-authorized payment from the Insured's account at a financial institution.
- A finance charge, authorized by government regulation that may be amended from time to time is applied to the total policy premium. (The total policy premium is the net premium plus service fee.)
- A returned item charge of $50 applies to failed withdrawal attempts.

Rule 106: Definitions

A. Private Passenger Vehicle

A vehicle listed in the Private Passenger Rate Group Table used for pleasure, commute or business. Business use does not include use as driver training vehicles, funeral vehicles, courtesy cars, vehicles held for sale or used for demonstrating or testing or any use listed in the Commercial or Public Sections even though private passenger rates are used to determine the premium.
For trailers, camper units, motorhomes, motorcycles, mopeds, all terrain vehicles, snow vehicles, and antique/classic vehicles, see Recreational Section.

B. Operator Assignment

The principal operator is the person who drives the vehicle the most. If there are two or more vehicles in a household and the number of drivers equals or exceeds the number of vehicles, each vehicle must have a different person designated as the principal operator. If the licence of the person reported as the principal operator is or becomes suspended, see Rule 142: Suspension of Operator's Licence. Class 05 and Class 06 drivers are rated independently and their driving record is considered only in relation to the development of the Class 05 or Class 06 premium.

C. Business Use

Includes the use of the vehicle in the Applicant's occupation or profession including the incidental carriage of things used on the job. 'Commercial use' is the use of the vehicle primarily for transportation of merchandise or goods or in the case of an artisan, tools and materials. Commercial use also includes Fire and Police vehicles.

For example: Transportation of books or paperwork (e.g. accountant), laptop computers (e.g. auditor), testing kits (e.g. geologist), samples but not supplies (e.g. pharmaceutical salesperson), medical bags (e.g. veterinarian) and signs (e.g. realtor) is considered to be business use not commercial use.

A pickup, van, 4 x 4 or other commercial type vehicle weighing less than 4.5 tonnes (10,000 lbs.) that is used for business use but not commercial use as defined in the Commercial Section, shall be rated for business use using the appropriate private passenger rating. In essence, the truck or van is being used like a car.

Any vehicle 4.5 tonnes (10,000 lbs) or more shall be rated as commercial regardless of the use.

D. Pleasure Use

Includes the use of the vehicle for driving to and from work or school (except where Class 01 is requested) but is not used for other business, professional or vocational purposes.

E. Driving to and from work

The use of the vehicle between residence and place of employment or school, or part way e.g. to bus, railway or subway stations. Such use in a car pool or other share-the-ride arrangement is included. In some cases END 6A (Permission to Carry Paying Passengers) may be required.

F. Passengers carried for compensation

While going to and from work/school
If while going to and from work or school, the Insured uses the vehicle to carry passengers for compensation to and/or from work or school, the policy exclusion must be modified by using

END 6A (Permission to Carry Paying Passengers). The additional premium to be charged is 10% of the Liability and Accident Benefits premium.
The wording to be used on END 6A is as follows: 'To carry passengers for compensation or hire to and/or from work while the Insured is going to and from work'. If the Insured is not an individual (e.g. a partnership, company, association or municipality) the words 'the Insured' are replaced by 'the Insured's partner' or 'the Insured's employee', as the case may be.

If compensation takes the form of giving a ride to someone in return for a ride, the use of END 6A is not required and there is no additional premium charge.

Volunteers
A volunteer is compensated for gas or mileage for the transportation of persons to medical appointments and the like. END 6A is not required and there is no additional premium charge.

As Part of Occupation
If the transportation of non-paying passengers is part of the Insured's occupation (e.g. social worker) and employer reimburses for expenses, attach END 6A inserting 'as part of occupation' and rate as Class 07. If however, this occurs no more than once a week, attach END 6A and rate as Class 02 or 03.

G. Age
The driver's age on the last birthday before the commencement date of the period of insurance or the effective date of the addition/substitution. No grace period is permitted with respect to age. If, for example, the driver will be 19 two days after the effective date of the policy, the policy must be issued on the basis that the Insured is 18 as that was the Insured's age at the commencement date of the period of insurance.

H. Owned/Leased
The expression 'owned by' (as in 'vehicle owned by the Applicant') includes 'leased to' if the Applicant is or was responsible for obtaining the Liability insurance for the leased vehicle concerned. A similar interpretation applies to 'owns', 'ownership', etc.

I. Valid Operator's Licence

1. Definition
A valid Canadian licence to drive the type of vehicle concerned. Where there is graduated licensing, a level two (G2) licence is a valid operator's licence.

A learners permit or a level one (G1) licence is not regarded as a valid operator's licence.

2. International Driving Permit
An international driving permit is not a valid licence in and of itself. It is a permit to drive in another country if the driver already has a valid licence. It is valid in Canada only for temporary residents e.g. embassy staff, exchange students, tourists.

Permanent residents must apply for a licence in the Canadian jurisdiction in which they reside. Where a driver holds an international driving permit, the application must show complete details of the driver's licence upon which it was granted. This would include the country in which the valid licence was issued, driver's licence number, expiry date etc.

Note: See Rule 113: Driving Record for rating information on drivers with an international driving permit.

J. Spouse
Spouse means either of two persons who:

- are married to each other;
- have lived together in a conjugal relationship outside marriage,
- continuously for a period of not less than three years, **OR**
- in a relationship of some permanence, if they are the natural or adoptive parents of a child

K. Types of Licence Suspension
Under the Ignition Interlock Program, it is a condition of the driver's licence reinstatement that the driver is prohibited from driving any motor vehicle that is not equipped with an approved ignition interlock device.

For drivers who have entered the Ignition Interlock Program, the length of the licence suspension shall be calculated from the date the licence was suspended to the date the Ignition Interlock Program was entered.

For example: Licence was suspended from January 1 to July 1. The driver entered the Interlock Program on March 1. Therefore the total time the driver's licence is considered to have been suspended is 2 months not 6 months.

1. Suspension for Cause
A suspension or cancellation of the operator's licence for a period exceeding two weeks resulting from a conviction or from the accumulation of demerit points.

A suspension/cancellation/lapse because a fine was not paid is treated as an administrative suspension/cancellation/lapse even if the fine resulted from a conviction.

2. Administrative Suspension/Cancellation/Lapse
A suspension/cancellation/lapse for any period of time for any reason other than those outlined under Suspension for Cause.

Any roadside licence suspensions of 3, 7 or 30 days under the Highway Traffic Act for alcohol, drug or drug and alcohol impairment are considered administrative suspensions.

The 90 day roadside licence suspension under the Highway Traffic Act for blood alcohol exceeding .08 or refusing a drug or alcohol test for blood alcohol between .05 and .08 are considered administrative suspensions.

Since these are roadside licence suspensions only with no associated conviction, there is no conviction showing on MVRs and no applicable surcharge. If the total time suspended/cancelled/lapsed is 36 months or less in the past 5 years, the driving record will not be affected.

L. Driver Training

- Discount no longer available.

Rule 107: Eligibility

Ontario auto Insurers are required to file their underwriting rules for rejecting a risk with F.S.C.O. for approval. One such rejection by a voluntary market auto Insurer shall qualify a risk for placement in the Residual Market.

A. Refusal Letter

The proof of rejection shall be a written r**efusal letter**. The refusal letter must be submitted to Servicing Carriers along with new business applications for private passenger vehicles and requests for additions of private passenger vehicles to existing policies. The refusal letter must provide the date the letter was completed, Insured's name, year, make, model and serial number of the vehicle to be insured, Insurer's name, Agent's/Broker's name, signature of the Insurer or Agent/Broker and state the reason for refusal by the voluntary market. The refusal letter may be completed by the voluntary market Insurer or, the Agent/Broker if authorized to do so by the voluntary market Insurer. The refusal letter must be dated within the 30 days immediately preceding the effective date of coverage for the vehicle.

If the application or request for vehicle addition is not accompanied by a fully completed refusal letter or is accompanied by an incomplete refusal letter, or a refusal letter with an invalid reason, it shall be assumed the risk does not qualify as a residual market risk. The Servicing Carrier shall immediately issue the policy and the appropriate registered letter of cancellation and inform the Agent/Broker so that alternate coverage may be arranged. The Servicing Carrier may allow the Agent/Broker up to 10 days to provide a complete refusal letter before proceeding with cancellation.

B. Clean Driver Discount

– No longer available

C. Renewals

A risk with no major, minor or serious convictions in the preceding 36 months, no chargeable accidents in the preceding 60 months and no cancellations for non-payment of premium in the preceding 36 months assigned to the Insured may not be renewed for more than two consecutive twelve month terms or four consecutive six month terms without receiving another written refusal letter from a voluntary market Insurer. Refer to Rule 128:B. Risks Not Eligible For Renewal.

2. Non-Payment

A non-payment cancellation occurs when the Applicant, within the preceding 36 months has had an automobile insurance policy cancelled for non-payment of premium and the cancellation has taken effect. Where a policy has been cancelled and subsequently reinstated, this does not constitute a non-payment cancellation.

Rule 108: Discounts

- No longer available

Winter Tire Discount

This discount (in accordance with Regulation 664) is available for personal use private passenger vehicles equipped with winter tires.

Insureds requesting this discount must complete and sign the Winter Tire Discount Form confirming the insured vehicle has four winter tires. To be eligible for the discount, this form must accompany the discount request. A new form is required to request the discount for any vehicle being added or substituted on the policy.

Facility Association reserves the right to verify the installation of winter tires on the insured vehicle by:
- Inspecting the vehicle upon request
- Reviewing the installation invoice upon request

The discount is 2% and applies to Bodily Injury, Property Damage, Accident Benefits and Collision coverages on the vehicle. Once the discount is applied, it will remain on the vehicle unless the vehicle is deleted from the policy.

Rule 109: Rating Territory

The rating territories are described in Rule 153: Territories.

The rating territory refers to where the vehicle is garaged.

Rule 110: Special Classification Procedures

2. The principal operator is normally the person who drives the vehicle the most as declared on the application.

3. If there is more than one vehicle in a household and the number of drivers (including occasional drivers) equals or exceeds the number of vehicles, each vehicle must have a different driver designated as the principal operator.
   For example: There are three drivers in the household and three vehicles. Each driver shall be rated as the principal operator of one of the vehicles.

4. If the description of a class contains exclusions/stipulations regarding drivers other than the principal operator, such exclusions/stipulations do not apply to persons who are designated as operators of other vehicles.

Class 01

c) No business use or commercial use.
d) Principal operator is at least age 25 and has continuously* held a valid operator's licence for the past three years

g) The anticipated annual mileage does not exceed 8,000 kilometers (5,000 miles)

* 'Continuously held a valid operator's licence' is interpreted to mean there has been no suspension as outlined in Rule 106:K during the past three years.

Class 06
Male occasional driver(s) under age 25, where the vehicle is rated Class 02, 03 or 07.

Notes: Class 05 and 06
1. The vehicle is first rated as if there were no occasional drivers under 25; coverage is then charged for such occasional drivers by adding the Third Party Liability, DCPD, Accident Benefits and Collision Coverage for Class 05 or Class 06 premiums. It is not permissible to issue a policy solely with a Class 05 or Class 06.
2. The Third Party Liability limit, DCPD and Collision deductible for Classes 05 and/or Class 06 drivers must be identical to the coverage provided for the vehicle, except when varied by an END 28 ('Reducing coverage for Named Persons').
3. Class 05 or Class 06 develops its own driving record, based on the experience of the driver(s) concerned.
4. If there are two or more occasional drivers under 25 and:

a) **One vehicle**:
Only one Class 05 or Class 06 premium shall be charged but it shall be based on the experience of the driver who produces the highest premium. It should reflect all claims for all underage drivers combined.

b) **Two or more vehicles**:
Number of vehicles equal to number of underage drivers:

Charge a Class 05 or Class 06 on each vehicle.

Number of underage drivers exceeds the number of vehicles: Starting with the Class 06 driver who generates the lowest driving record, each underage driver shall be assigned to the vehicle with the highest rate group. When all Class 06 drivers have been assigned, Class 05 drivers shall be assigned in the same manner.

5. A Class 05 or Class 06 premium shall not be charged for a driver whose licence is G1 level.
6. If there are two or more occasional drivers under age 25 assigned to a vehicle, the vehicle cannot be rated Class 02.

Class 07
a) Business use including commute and pleasure use
b) No commercial use
c) Private passenger type vehicles used as short term rentals or driver training vehicles (Refer to rules 146 and 148)
d) Principal operator is at least 25 years of age
e) No driver under 25 years of age unless a separate Class 05 or Class 06 premium is charged

Class 08
Male principal operator, under age 21 residing with spouse

Class 09

Class 12
Male principal operator, 21 or 22 years of age, does not have spouse.

Class 13
Male principal operator, 23 or 24 years of age, does not have spouse.

Class 18
Principal operator is a female under age 21.

Class 19
Principal operator is a female age 21, 22, 23 or 24.

Rule 112: Not applicable

Rule 113: Driving Record

A. Clear Record

Previous insurance history must be obtained on the Applicant and all drivers shown on the application or added to an existing policy.

Verification of previous insurance history begins with the insurance immediately preceding the commencement of the FA policy and works backwards. Without proof of prior insurance, a maximum Driving Record 0 is applicable.
For drivers who have entered the Ignition Interlock Program, when the driver's licence is reinstated, the length of the licence suspension shall be calculated from the date the licence was suspended to the date the Ignition Interlock Program was entered.

For example: Licence was suspended from January 1 to July 1. The driver entered the Interlock Program on March 1. Therefore the total time the driver's licence is considered to have been suspended is 2 months not 6 months.

Risks With Unacceptable Gaps in Insurance Coverage
Unacceptable gaps (per regulation 664) relate to the following:

- Policy cancelled for non-payment of premium
- Suspension of driver's licence because of convictions
- Undisclosed at fault claim or conviction that would have generated a higher premium
- Operating a motor vehicle not insured under an automobile insurance contract

Risks with unacceptable gaps in coverage (as defined above) totalling 1 year or more within the past 5 years will be eligible for a maximum of Driving Record 3.

The maximum applicable driving record is the number of claims free years verified by the Previous Insurance History e.g. If 2 years are verified, the maximum driving record is 2.

Risks With Acceptable Gaps in Insurance Coverage
All other gaps in coverage not specifically identified above are acceptable and do not impact driving record.

Examples of acceptable gaps include those occurring as a result of the car being sold or the Insured moving out of the country.

1. Vehicles Owned by Individuals
Where vehicles are owned by individuals, the principal operator has held a valid licence throughout the period concerned. Licence suspensions can affect Clear Record.

2. Vehicles Owned by Partnerships, a Company, Association or Municipality
The Applicant has owned the described vehicle or one for which it has been substituted. (Ownership is established from the date on which the Applicant takes possession of the vehicle.) Where vehicles are owned by partnerships, a company, association or municipality and the vehicles are used for pleasure and/or business purposes (not commercial); vehicles shall be rated as though they were owned by an individual.

3. For all vehicles described in 1 and 2:
Throughout the period concerned, there has been no accident involving the described vehicle or one for which it has been substituted.

4. Throughout the period concerned, there has been no accident arising out of the use or operation of any other vehicle by the Applicant, principal operator, spouse or any other driver. This is to be confirmed by ordering a previous insurance history report.
5. Accidents arising out of the use or operation of other vehicles, for which a spouse or other driver is responsible, shall not be considered if the spouse or other driver is currently insured as the principal operator of another private passenger vehicle. The Servicing Carrier may ask for a copy of the policy insuring the spouse or other driver. Such an accident (involving other than the insured vehicle) occurring after the commencement of this insurance shall only be taken into account if a claim is made under this insurance.

Examples:
1. The FA policy term runs from January 2015 to January 2016. In July 2015 the Insured has an at fault accident driving a company car that is insured with a different company. No claim is made under the FA policy. At renewal in January 2016, the claim is not included in the calculation of driving record on the FA policy.

2. Same as Example 1 but the company car is insured with the voluntary market side of the Servicing Carrier. At renewal the claim is not included in the calculation of driving record on the FA policy.

3. Same as Example 1 but during 2015 there was no Collision coverage on the FA policy and the claim on the company car was a Collision claim. At renewal the Insured adds Collision coverage to the FA policy. The claim is not included in the calculation of driving record on the FA policy.

4. The vehicle on the FA policy was insured for Liability and Accident Benefits only. In July 2015 there was an at fault Collision loss on the FA policy but no payout was made because there was no Collision coverage. The accident is included because the accident involved the described vehicle and the accident occurred before June 2016.

5. The vehicle on the FA policy was insured for Liability and Accident Benefits only. In June 2016 there was a minor at fault Collision loss on the FA policy but no payout was made because there was no Collision coverage. The accident is not included because this is the first minor accident and it meets all the criteria of a minor accident.

Accidents on heavy or specialized vehicles shall not be taken into account when rating private passenger vehicles. See 135: How to Allocate Chargeable Accidents.

6. Calculating Clear Record with a Licence Suspension/Cancellation/Lapse

Suspension of Operator's Licence can be one of two types:
A. **Suspension for cause:** A driver's licence suspension or cancellation for more than two weeks resulting from a conviction or an accumulation of demerit points.

B. **Administrative Suspension/Cancellation/Lapse:** A suspension/ cancellation/lapse for any period of time for any reason other than those outlined under Suspension for Cause.

i. With suspensions for cause:- For the total time suspended in the past 5 years, reduce the driving record by 1 for each year or partial year suspended. Subject to maximum Driving Record 3.

Examples:
1. Driver is eligible for Driving Record 4 but has a 6 month suspension for demerit points. Risk now qualifies for Driving Record 3.
2. Driver is eligible for Driving Record 4 but has 18 month suspension for convictions. Licence is reinstated May 1, 2003 and policy is effective June 1, 2003. Risk now qualifies for Driving Record 2.

ii. With administrative suspensions/cancellation/lapse:
- If the total time suspended/cancelled/lapsed is 36 months or less in the past 5 years, the driving record will not be affected.
- If the total time suspended/cancelled/lapsed is more than 36 months in the past 5 years, the driving record will be reduced by 1 for every year or partial year suspended/cancelled/lapsed.

Examples:
1. Driver obtained driver's licence 4 years ago and is eligible for Driving Record 4. Driver has 10 month suspension for unpaid fines. Risk still qualifies for Driving Record 4.
2. Driver obtained driver's licence 5 years ago and is eligible for Driving Record 5. Driver has 42 months suspension for unpaid fines. Risk qualifies for Driving Record 1.

The maximum driving record allowed for a principal operator with only a G2 licence and a licence suspension is 1. If the licence of the person reported as the principal operator is currently suspended/cancelled/lapsed, see Rule 142: Suspension of Operator's Licence.

B. Driving Record Entitlement

Driving record is determined by:
- years licensed and type of licence
- number of chargeable accidents
- prior insurance
- unacceptable gaps in insurance
- licence suspensions
- number and type of convictions

Notes:

1. The driving record established applies to all coverages for which driving record is a factor. There is no split rating i.e. chargeable accidents will affect the driving record for the Liability section and the Collision section.
2. Driving record is established separately for each vehicle owned by the Applicant. When an additional vehicle is acquired it shall develop its own driving record based upon the vehicle's operators.
3. Where a private passenger vehicle replaces another, it acquires the driving record of the replaced vehicle except when there is also a change of principal operator. Clear Record must then be established for the replacing principal operator.
4. A loss history report or letter from the prior carrier in Canada or the U.S. is required to confirm claims free experience on the vehicle being insured or a vehicle for which prior insurance is acceptable. This is applicable for all driving records.

Refer to Rule 115: Driving Record Chart.

Type of vehicle being insured	Type of vehicle for acceptable prior insurance
Private Passenger	Private Passenger, Motor Home, Light Commercial, Light Public or Garage

Where a loss history report or letter from the previous Insurer verifying claims free experience in Canada or the U.S. is not available or refers to a type of vehicle not shown in this chart, the Insured shall be eligible for a maximum of Driving Record 0.

5. Where an accident or conviction surcharge (15% or more) is applied to a vehicle premium, a maximum of Driving Record 3 shall be allowed.
6. Class 05 and Class 06 are rated separately from the underlying class and are based upon the operator(s) concerned.
7. See Rule 114: New Drivers to establish Driving Record for New Drivers.
8. Driving experience gained outside Canada or the United States will not be recognized. Drivers with experience outside Canada or the United States will be rated as new drivers. See Rule 114: New Drivers.
9. As a new resident of Canada, the principal operator is required to apply for a driver's licence in the jurisdiction in which he/she will be living. Driving Record 0 applies until a G2 or G licence is issued.
10. Tourist or Temporary Resident

A. If the principal operator is a non-resident of Canada touring North America, the remarks section of the application must indicate:

1) that the principal operator is a tourist;
2)
2) the country where the principal operator normally resides;

3) the anticipated length and purpose of the visit. If touring, the remarks section must indicate the anticipated itinerary – Refer to Rule 109: Rating Territory.

B. If the principal operator is a non-permanent/temporary resident, the remarks section of the application must indicate: Ontario

1. If visiting for less than 3 months that the operator holds a valid driver's licence from country of origin and if visiting for more than 3 months the operator holds an international driving permit.
   or
2. That the operator holds a valid licence for the jurisdiction of U.S. residence
   and
3. A copy of the licence must be provided to the Servicing Carrier.

The risk shall be rated at Driving Record 0 unless the application is accompanied by documentation of driving experience in Canada or the United States acceptable to the Servicing Carrier that would verify claims free driving history. The maximum available is Driving Record 3.

11. Gaps in Automobile Coverage

Unacceptable gaps in insurance are the result of:

a) Cancellation for non-payment of premium
b) Conviction of driving with no insurance
c) Suspension due to a driving conviction
d) Misrepresentation of prior accidents/convictions and can affect the driving record.

In the event that there has been an unacceptable gap in insurance for one of the reasons shown above in the past five years:

- If the total gap in insurance coverage is less than 1 year in the past 5 years, the driving record will not be affected.
- If the total gap in insurance coverage is 1 year or more in the past 5 years, the driving record will be reduced by 1 for each year's gap in coverage and the risk will be eligible for a maximum of Driving Record 3.

Gaps in coverage created by any other circumstance e.g. Insured selling car, being out of country, or signing off the policy are considered acceptable and do not impact driving record.

C. Admission to Driving Record 5

The assignment of Driving Record 5 is permissible only if it can definitely be verified from the Servicing Carrier's own files and/or by confirmation from previous Insurers that the following requirements are met:

Every driver in the household (except as provided in the notes below) has:

a) Continuously held a valid operator's licence (with no suspensions as described in Rule 113: Clear Record) in Canada or the U.S. for the past five years;

and

b) Not been involved in a chargeable accident during the past five years;

and

a) Not had during the past three years a serious or major conviction nor more than two minor convictions or in the past 10 years had a conviction for fraud.

Notes:

1. 'Every driver in the household' shall be interpreted to mean, 'Every person who regularly or frequently drives the vehicle'.

2. Where the policy applies to more than one private passenger vehicle but there is only one driver for two or more of the vehicles, if any one of the vehicles that he/she drives is ineligible for Driving Record 5 because of driving history, none of those vehicles is eligible.

3. Driving record may apply to a Class 05 or Class 06 only if every occasional driver under 25 meets all requirements. Class 05 or Class 06 qualifies independently of the underlying Class 02, 03 or 07. Therefore if the Class 05 or Class 06 driver(s) do not qualify for Driving Record 5, the underlying class may still be eligible and vice versa.

4. If the Applicant is not an individual:

   a) if the vehicle is furnished for the regular use of one person, the 'household' referred to is the household of that person

   b) otherwise, the words 'Every driver in the household' shall be interpreted to mean 'Every person who regularly or frequently drives the vehicle'.

Subsequent Renewals

For a risk to be renewed at Driving Record 5, it must continue to meet the specified requirements. There is no 'forgiveness' feature.

Rule 114: New Drivers

A. New Driver Definition

A new driver is a person who has held a valid operator's licence to drive a private passenger vehicle for a period of less than 5 years in Canada or the U.S.

B. Level One Licence

Where the Applicant, owner or sole operator in the household holds only a level one (G1) licence, the vehicle shall only qualify for Driving Record 0 until a valid operator's licence is obtained. If there is another operator(s) in the household, that operator must be designated as the principal operator of the vehicle and rated accordingly.

In all other cases a driver with a level one licence shall not be rated as a driver or considered in the determination of class and driving record.

Where the learner/level one driver is rated as the principal operator, there is no requirement to obtain the name and licence number of the driver who will accompany the learner/level one driver. In the event that information on the accompanying driver is provided, no driving record abstract or previous insurance history is to be ordered for that driver.

C. Determining Driving Record

Once a driver has obtained a G2 licence, to determine driving experience, the period of time during which the G1 licence was held shall be considered to a maximum of 1 year. Once a driver has obtained a G licence, the period of time during which the G2 licence was held shall also be considered to a maximum of 1 year.

For example: A driver has just obtained a G licence and was licensed 2 years as a G1 and 2 years as a G2. The driver is considered to have 2 years experience, 1 year at G1 and 1 year at G2.

A driver holding a G2 licence is not eligible for a driving record higher than 2 until a G licence has been obtained.

Driving record is determined by:

- years licensed and type of licence
- number of chargeable accidents
- prior insurance
- unacceptable gaps in insurance
- licence suspensions
- number and type of convictions

Refer to Rule 115: Driving Record Chart

D. Driver Training Discount

– Discount no longer available

E. Graduated Licensing Discounts

1. General

The application of a Graduated Licensing Discount must be requested by the Insured as the discount cannot be automatically calculated or applied.

A Graduated Licensing Discount is allowed provided the driver has had no chargeable accidents, no licence suspensions and is fraud/conviction surcharge free. If any of these conditions happen during the policy term, at next renewal the discount shall be rescinded.

The discount only applies to those individuals who participate in the Graduated Licensing programme spending the required time in each level before progressing to the next level.

For example: A new driver to Canada who starts at G2 instead of G1 or spends less than required time at the G1 level shall not be eligible for the G2 or G level discount.

The discount applies to Liability, Accident Benefits, Uninsured Automobile, D.C.P.D., and Collision.

Only one Graduated Licensing Discount may apply at any given time.

The maximum discount to be applied in the case of any policy or any separately rated driver is 10%.

2. Midterm Level Changes

When graduation from one level to the next occurs midterm, the discount shall be applied pro rata.

3. Discount:
Principal Operators and Class 05 or Class 06

A 10% discount shall apply under the following two conditions:

1. Where the principal operator or Class 05 or Class 06 driver has, within the last 12 months entered level two from level one.
2. Where the principal operator or Class 05 or Class 06 driver has, within the last 12 months moved from level two to a fully licensed (G) driver.

The discount shall continue to apply at each renewal for a maximum of one year, as long as the progression occurred during the 12 months preceding the renewal date.
For example: The policy term runs from June to June. In December 1997 the Class 05 or Class 06 driver obtains a G2 licence. A 10% discount is applied to the Class 05 or Class 06 premium from December 1997 to June 1998 and then for one full year when the policy renews in June 1998. In June 1999 the driver has not yet obtained a G licence so the renewal is issued without the discount. In December 1999 the driver obtains a G licence and the 10% discount is applied midterm in December 1999. When the policy renews in June 2000 the discount shall apply for a further one year period.

Occasional Operators (other than 05 or 06)

A 3% discount shall be allowed on the vehicle to which the occasional driver is assigned:

1. a) Where an occasional driver, within the last 12 months entered level two (G2) from level one (G1)

   b) where an occasional driver has, within the last 12 months moved from level two to a fully licensed (G) driver

and

2. the risk was reclassified from 01 or 02 to 03 **and/or** from Driving Record 5 to 4 because of the presence of that occasional driver.

The discount shall continue to apply at each renewal for a maximum of one renewal year, as long as the progression occurred during the 12 months preceding the renewal date.

NOTES:

- **Drivers will be rated on actual experience in Canada or the United States and no additional credits will be allowed.**
- **Driving experience gained outside Canada or the United States will not be recognized.**
- **Once the driving record is determined, factor in any impact, in the following order, from unacceptable gaps in insurance coverage or no previous insurance, licence suspensions and convictions. Only unacceptable gaps in insurance coverage occurring after the most recent chargeable loss are factored into the rating. If there are no chargeable accidents, factor in all unacceptable gaps in the past 5 years.**

Refer to Rule 113: Driving Record.

Rule 116: Vehicle Rate Group

For most vehicles the rate group can be found in the Rate Group Table, which lists vehicles by manufacturer, model and year.

If a current year make/model is not listed but it was listed in the immediately preceding year, use the rate group for the immediately preceding year. If it was not listed in the immediately preceding year (It is a new model or there is a gap in model years), contact your Servicing Carrier. The Servicing Carrier shall provide you with the rate group assigned by IBC's Vehicle Data Services.

For model years prior to the earliest year shown in the Rate Group Tables, use the rate group for the oldest model year shown in the Rate Group Tables.

The presence of aftermarket equipment may affect the rate group.

If the Insured wants coverage based on the value of the vehicle, the value must be substantiated by an appraisal from an independent appraiser acceptable to the Servicing Carrier at the Insured's expense and END 19 (Limiting the Amount Paid for Loss or Damage Coverages) applied.

Rate Group "A"

The rate group is based on the Insured's estimate of the vehicle's value. Refer to Page 1 of the Rate Pages.

Where Estimated Value is $15,000 or more

Where the vehicle's estimated value is $15,000 or more, the following requirements apply:

If the vehicle is newly-acquired from a dealer

A copy of the purchase agreement, confirming the vehicle's make/ model, year, serial number and purchase price, must be sent to the Servicing Carrier.

In any other circumstance

The value must be substantiated by an appraisal from an independent appraiser acceptable to the Servicing Carrier, at the Applicant's expense.

Where the rate group is shown as A or the estimated value is greater than $15,000 a completed and signed END 19 (Limiting the Amount Paid for Loss or Damage Coverage) must be attached to the policy where the policy provides Optional Physical Damage coverage. Where the estimated value exceeds $39,000, END 40 (Fire Deductible) must be attached to the policy where the policy provides Optional Physical Damage coverage. Where the policy provides only Liability, Accident Benefits, Uninsured Automobile and DCPD, attachment of END 19 and END 40 is not required.

Rule 117: Multi Vehicle Discount

- No longer available.

Rule 118: Retiree Discount

The person applying for the discount must complete and sign the Automobile Insurance Declaration for Retiree Discount (RD-1) declaring that he/she:

a) is retired;
does not earn or receive income from any office or employment;
is not engaged in any professional occupation and is not operating a business, and has not been employed for 26 weeks or more in the last 52 weeks;

and

b) is age 65 or older; or
is in receipt of a pension under Canada Pension Plan or Quebec Pension Plan; or
is in receipt of a pension under the Income Tax Act (Canada);

and

c) is the principal operator of the vehicle to which this discount is to be assigned

The discount is 5% and applies only to basic Accident Benefits.

Rule 119: Pre-Insurance Inspection

- No longer applicable

Rule 120: Not applicable

Rule 121: After Market Equipment

If the equipment is sound or electronic equipment, refer to Rule 123: Commonly Used Endorsements.

If the equipment is other than sound or electronic equipment or a lift kit, the Servicing Carrier will require a copy of the bills of sale or, if they are not available, an appraisal to substantiate the value of the aftermarket equipment. Where a lift kit has been added to the vehicle in addition to other aftermarket equipment, the value of the lift kit must be included in the total value of the aftermarket equipment.

Where the value of the equipment is $3,000 or greater, an additional premium shall be charged. For every $3,000 of equipment, a charge equivalent to a rate group increase of 1 shall be made. If the value of the aftermarket equipment is less than $3,000 no additional premium shall be charged. Where the value of the aftermarket equipment cannot be substantiated, END 19 reflecting the vehicle's actual cash value shall be attached to the policy.

Rule 122: Endorsement (Policy Change) Forms and Wordings

Changes to standard approved forms are not permitted.

Rule 152: Endorsements Applicable to POL 1 (Owner's Policy) provides certain details and rating instructions for approved policy change forms. The descriptions are brief and reference must be made to the actual wordings of these forms to ascertain the full provisions and restrictions.

Certain OPCF Policy Change Forms require a signature. Where no signature is obtained, the policy may be cancelled in accordance with the Statutory Conditions or the endorsement may be deleted and the policy re-rated accordingly.

Provided the endorsement form does not indicate the expiry date of the policy term, once a policy change form has been signed, it need not be signed again on subsequent policy renewal terms.

Rule 123: Commonly Used Endorsements

A. Coverage for Transportation Replacement Coverage

END 20 may be added to provide reimbursement for loss of use of the vehicle in the event there is loss or damage that is covered by the policy in excess of the deductible.

The premium charge is $50 on an annual policy or $26 on a six month policy. This is a flat fee per policy term and is not pro rated when the endorsement is added midterm to a policy or deleted midterm from a policy unless the vehicle is deleted or the policy cancelled.

C. After Market Sound and Electronic Communication Equipment

Where the vehicle is equipped with sound and electronic communication equipment, other than factory installed equipment, application of END 38 may be applied.

END 37

This endorsement was withdrawn effective January 2001. Section 7.7 of the OAP1 now has a limit of $1500 for loss or damage to electronic accessories or equipment other than factory installed equipment.

END 38

The premium charged for the reduced Comprehensive coverage is the Specified Perils premium plus 10% of the Comprehensive premium.

Where the deductible is $1,000 or higher, there is no premium reduction.

Signature Required

This endorsement requires a signature. If a signature cannot be obtained, refer to Rule 122: Endorsement (Policy Change) Forms and Wordings.

Rule 124: Premiums

A. Premium Quotations

The Agent/Broker is responsible for calculating premiums in accordance with this manual, including the 'base' premiums applicable to experience (fleet) rated risks. Experience rated risk premiums are calculated at Driving Record 0.

Where there is any doubt on the matter, the Servicing Carrier will be pleased to assist in establishing risk classifications, but the Servicing Carrier shall not make premium quotations except where the manual does not provide for the particular coverage required.

The Servicing Carrier shall require clarification from the Agent/Broker if the information on the application contradicts the quoted premium.

B. Manual Rates

The rates published in this manual are for annual policy terms. For six month private passenger vehicle policies charge 52% of the annual premium.

For policies eligible for monthly pay plan, there may be an additional charge. Contact your Servicing Carrier.

C. Premium Rounding

The premium for each coverage shall be rounded to the nearest whole dollar. A premium that includes 50 cents or more shall be rounded up to the next whole dollar. ($46.56 will be rounded up to $47.00 and $46.44 will be rounded down to $46.00.)

This applies to all premium transactions, including refunds except where the policy is cancelled by registered letter at the request of the Agent/Broker or by the Servicing Carrier. In that event, the return premium shall always be rounded up to the next whole dollar ($45.10 will be rounded up to $46.00).

D. Minimum Premium/Minimum Retained Premium

The minimum premium for any private passenger automobile policy or renewal and, the minimum retained premium in the event of cancellation of the policy, is $25, excluding service fee regardless of the term of insurance. The minimum retained premium must be stated on the declaration page of the policy.

Rule 125: Premium Determination

1. Ensure that the vehicle qualifies as a private passenger vehicle.
2. Establish the rating territory
3. Establish the rating class.
4. Establish the driving record for Liability, Accident Benefit, Uninsured Automobile, DCPD and Collision coverages.
5. Establish the rate group.
6. Establish the 'manual' premium for each coverage and apply any special use factors. Refer to the Rate Pages.
7. Apply any appropriate discounts or accident/conviction surcharges. The combined total of discount percentages shall be deducted from the combined total of surcharge percentages and the result applies to the appropriate coverage premiums.

Rule 126: Policy Term

Every policy and renewal shall be issued for a term of either one year or six months.

A short term policy may be issued in the event that the vehicle/item is in transit in or through the jurisdiction, i.e. a single trip from a location within a jurisdiction in which Facility Association operates to another location within a jurisdiction in Canada or the continental U.S.A. A short term policy may also be issued for a vehicle being temporarily operated in a jurisdiction in which it is not registered.

The Servicing Carrier may accept an application for a short term policy and issue the policy accordingly or accept an application for a 6 or 12 month term and a cancellation voucher signed to provide coverage for only the shortened term.

The premium for the policy shall be calculated using the highest rated territory of the originating jurisdiction and the applicable short term table in this manual, subject always to the minimum retained policy premium.

See also Rule 145: Purchasing Vehicles in Jurisdiction Where FA Does Not Operate and Rule 100:C. Non-Residents and Vehicles Not Registered in Jurisdiction.

Policies subject to Rule 149: Fleets cannot be issued for a term of less than 12 months.

Rule 127: Policy Changes

A. A change to a policy shall not be processed if:

a) The change is substantial e.g. the Insured is covered under POL 1 and now requires POL 4 or 6 instead. A new policy may be necessary. If in doubt, the Agent/Broker should contact the Servicing Carrier for direction. If a new policy is required, a new application must be submitted. The existing policy shall be cancelled pro rata. If the new policy is to be placed on monthly pay, the application must be accompanied by all information and documents required by the Servicing Carrier.

> Eligibility for the residual market must be determined once again and if the risk is eligible, the application form must be accompanied by a refusal letter from a voluntary market Insurer. If the risk is no longer eligible for the Residual Market, it shall not be insured in the Residual Market.

b) There is a change of the jurisdiction in which a vehicle is registered and the vehicle must be registered in the new jurisdiction. The insurance on the vehicle must be cancelled. Upon receipt of a copy of the replacing policy application, or temporary liability card from the new jurisdiction, the refund shall be calculated on a pro rata basis, subject to the minimum retained premium.

B. Name of Insured When Adding or Deleting Vehicles

Leased Vehicles

- Where the Insured has a leased vehicle and is returning the vehicle to the lessor and replacing it with an owned vehicle, provided there is no change in the name of the Insured (lessee, i.e. the person who actually applied for the insurance), the change to remove the lessor's name from the policy and the vehicle substitution may be made by policy change. A release of the lessor's interest must be obtained or comparable notification of the change must be sent to the lessor by registered mail.

- Where an Insured has an owned vehicle, and is now obtaining a leased vehicle and disposing of the owned vehicle, the change to the vehicle and name of Insured may be made by policy change, provided there is no change in the name of the Applicant, other than to add the lessor's name to the policy.

- In situations where the Insured has an owned vehicle and a leased vehicle, separate policies are not necessarily required for each vehicle.

- Where an Insured has two or more vehicles leased from different leasing companies, a separate application is required for each vehicle.

Owned Vehicles

Two or More Names as Registered Owner of the Vehicle:
Where an application is received for vehicle(s) registered in two names, such as Pat and Drew Doe, the application must be signed by both parties. In the event the policy is to be cancelled at the Insured's request, both signatures are required on the request for cancellation. If the situation is other than the Applicant and spouse, refer to the Servicing Carrier prior to quoting or binding to verify the rating.

Two or More Vehicles Registered to Different Names:
If the Applicant has vehicles leased from different leasing companies or, one vehicle registered for example one in the father's name and one in the son's name, separate policies must be maintained. Separate applications must be submitted for each policy.

If the Applicant has vehicles(s) leased from the same leasing company and owned vehicle(s), separate policies may not be necessary.

C. Amending or Deleting Coverage on Vehicles with Lessees or Lienholders

Where physical damage coverage is being amended or deleted from a leased vehicle or a vehicle on which there is a lienholder, the Servicing Carrier must send a notice to the lessor or lienholder to advise of the coverage being amended or deleted and the effective date of the transaction.

D. Binding Coverage - Policy Changes

If the change involves a vehicle for which proof of insurance has been filed or is required, please also see Rule 137: Proof of Insurance. Before binding coverage the Agent/Broker must collect or assume responsibility for any indicated additional premium. In the case of a policy on monthly pay or direct bill, contact the Servicing Carrier for procedures.

Before optional physical damage coverage can be bound on a vehicle branded as 'salvage' or 'rebuilt', a valid vehicle registration and, at the Servicing Carrier's discretion, a current safety certificate must be provided to the Servicing Carrier with the policy change request.

NOTE: No policy shall be written for vehicles branded 'irreparable'.

Where a copy of the valid registration is not provided, the following shall apply:

- The vehicle(s) shall be added or substituted at the correct premium.
- If any registration is not provided within 30 days of the date requested by the Servicing Carrier, the policy shall be cancelled by registered letter.
- If the missing registration(s) is provided before the cancellation takes effect, the policy may be reinstated.
- Agent/Broker may submit a new application for the vehicles meeting the registration requirement.

Procedure of notification

1) The Agent's/Broker's procedure for reporting changes to the Servicing Carrier must be acceptable to the Carrier. The request for change must be made in writing and specify the effective date and the effective time.

2) Faxed or mailed policy change requests are acceptable.

3) If the policy change request cannot be sent to the Servicing Carrier on the date the Insured makes the request, it must be sent to the Servicing Carrier on the next working day.

4) The Servicing Carrier shall normally issue any required endorsement, updated Certificate of Insurance (if required) and permanent liability card (if required) within 30 days of the effective date of the change.

5) Coverage may not be shown as effective prior to the date and time that the request was received by the Agent/Broker from the Insured, except when contractual coverage exists automatically under the policy and notice is given within the time permitted. A permissible policy change is in effect as of the time and date requested.

6) Where a vehicle is being added or substituted, a copy of the valid vehicle registration will be required with the request for the policy change. If the registration cannot be submitted with the request for policy change, a copy of the registration must be submitted within 30 days of binding coverage.

E. Deletions of Vehicles and Coverages

a) If the request for deletion is received by the Agent/Broker (or Servicing Carrier if received directly from the Insured) within 30 days of the date the deletion is to be effected, the deletion shall take effect at 12:01 a.m. on the date that it was requested to be effective. In the event that the deletion was specifically requested to be effective at a time other than 12:01 a.m., the deletion shall be effected at 12:01 a.m. the following day.

For example: The Insured requests deletion of the vehicle/coverage to be effective September 5. The deletion request is received by the Agent/Broker on September 20. The Servicing Carrier will issue the policy change effective 12:01 a.m. September 5. If the Insured requested the deletion to be effective at 3:40 p.m. on September 5, the Servicing Carrier will delete the vehicle/coverage effective 12:01 a.m. on September 6.

b) If the request for deletion is received by the Agent/Broker (or Servicing Carrier if received directly from the Insured) more than 30 days after the date the deletion was requested to be effected, the deletion shall take effect at 12:01 a.m. on the date that the deletion request is received by the Agent/Broker (or Servicing Carrier if received directly from the Insured).

For example: The Insured requests deletion of a vehicle/coverage to be effective September 5. The deletion request is received by the Agent/Broker on October 10. The Servicing Carrier will delete the vehicle/coverage effective 12:01 a.m. October 10.

NOTE for a) and b)
If the date the request was received by the Agent/Broker is not evident, the Agent/Broker will be asked to provide proof of the date received acceptable to the Servicing Carrier. If proof cannot be provided, the request will be processed effective 12:01 a.m. on the date received by the Servicing Carrier.

c) In the event that the vehicle has been sold, and a copy of the bill of sale satisfactory to the Servicing Carrier is produced, the vehicle shall be deleted the day after the vehicle is sold regardless of what that date might be.

For example: The vehicle was sold June 5. The Servicing Carrier does not receive the request to delete until September 5. If the Insured can produce a satisfactory bill of sale, the Servicing Carrier shall delete the vehicle effective 12:01 a.m. June 6.

d) In the event that a vehicle has been written off in a claim, deletion shall not be effected prior to the day after the loss occurred. If the request for vehicle deletion is received more than 30 days after the date of loss, the deletion shall be effected:

i) The day after the salvage is signed over to the Insurer; **or**
ii) The date the policy is no longer under the temporary substitute auto provision, if that date is later than the date salvage was signed over.

For example: The vehicle has been written off in a claim June 1. On September 1 the Servicing Carrier receives a request to delete the vehicle effective June 1. Upon checking with the claims department, the Servicing Carrier ascertains that salvage was signed over to the claims department on June 15. However, the Insured had a rental vehicle covered under the policy's temporary substitute auto coverage until June 20. The Servicing Carrier will delete the vehicle effective 12:01 a.m. June 21.

e) In the event the Insured has placed coverage through the voluntary market, upon receipt of a copy of the replacing policy application or temporary liability card, the Servicing Carrier shall delete effective the date that the replacement coverage took effect.

Servicing Carriers shall proceed with deletion as outlined in a) or b) unless the Servicing Carrier is aware or is made aware, that the circumstances outlined in points c), d) or e) exist.

F. New or Replacement Driver

If the change includes an additional or replacement driver, the Servicing Carrier shall be required to verify the driving history by ordering:

a) Driver record abstract obtained from the appropriate government department in each Canadian or U.S. jurisdiction in which the new or replacement driver has been licensed in the previous three years.

b) Previous insurance history report obtained for any driver added to the policy.

If the information is different from that reported, to the extent that the premium or coverage requires amendment, the Servicing Carrier shall promptly issue a correcting policy change

G. Eligibility for Additional Vehicles

If the request for change includes an additional private passenger vehicle, a fully completed written refusal letter from a voluntary market Insurer must accompany the change request.

If the risk is not eligible for the Residual Market, the risk shall not be insured in the Residual Market.

H. Midterm Policy Change Premium Calculation

In regard to the period licensed, period of ownership, the period since the date of an accident, the period since the date of a conviction, the rating is always based on the position as at the effective date of the policy period, (or, in the case of a subsequent addition/substitution of a driver or addition of a vehicle as at the addition/substitution date).

Midterm rerating is NOT permissible in respect of changes that occur in regard to those matters during the period of insurance merely because of the lapse of time. Midterm change due to age is permissible, provided a request is received by the Agent/Broker (or Servicing Carrier if received directly from the Insured) within 30 days of the birthday. If the request is received after 30 days, then the change will be effective at 12:01a.m. following the date the Agent/Broker (or Servicing Carrier if received directly from the Insured) receives the request and back dating will not be permissible.

Rates to be used

Addition of a vehicle:
Rates in effect at the effective date of the transaction.

Addition of a coverage or other midterm transactions:
Rates in effect at the start of the policy period.

Method of premium calculation:
Premiums for midterm private passenger policy changes are calculated pro rata by using the Day Table.

Minimum premiums for midterm changes:
A minimum additional premium of $5 shall be charged for any transaction that includes one or more of the following, regardless of the period of insurance:

- addition of a vehicle or a coverage
- increase of a Liability limit
- decrease of a deductible

Note 1: Any additional premium of **less** than $5 may be waived by the Servicing Carrier unless mentioned above. Return premiums may not be waived.

Note 2: When a vehicle, not newly acquired, is substituted for another on the policy or added to the policy for less than 7 days, there will be a $50 charge for each such transaction in excess of 2 in a 30 day period or more than 12 in a 12 month period.

Rule 128: Renewals

A. Before issuing a Renewal:

If the renewal involves a vehicle for which proof of insurance has been filed or is required, see Rule 137: Proof of Insurance.

Experience rated risks may require the Agent/Broker to determine whether the information on record and/or coverage needs revision or updating.
A driver record abstract must be obtained for those risks where eligibility or rating is dependent upon driving history. These must be ordered on all drivers prior to every renewal.

Abstracts must be ordered on 6 month renewals as well as 12 month renewals.

Renewals shall only be offered on policies for annual or six month terms.

B. Risks Not Eligible For Renewal

The Servicing Carrier must determine whether private passenger risks are eligible for renewal in the Residual Market. Any risk where abusive or threatening behaviour of the Insured/Applicant/Driver within the previous 3 years has created a safety concern for Facility Association staff, Servicing Carrier staff or a representative acting on behalf of either and circumstances have been reported to police shall be non-renewed.

Risks meeting all the following criteria may not be renewed for more than 2 consecutive twelve month terms or 4 consecutive six month terms:

- No chargeable accidents assigned to the vehicle or its substitute within the 60 months preceding the commencement of the insurance
- No regular or frequent operator with any major, minor or serious convictions in the 36 months preceding the commencement of the insurance
- No cancellations for non-payment assigned to the Applicant within the 36 months preceding the commencement of the insurance.
- All drivers of the vehicle hold a valid Canadian driver's licence.

Where a policy covers more than one vehicle and one or more of the vehicles is not eligible for renewal, the renewal shall be issued for the eligible vehicles only and the remaining vehicles shall be non-renewed.

Notice of Non-Renewal

1. Other Than Direct Writers

The Servicing Carrier will issue a notice of non-renewal to the Broker at least 45 days prior to the policy's current expiry date.

Confirmation that the risk will be offered replacement cover in the voluntary market is required. If the confirmation is not received, the Servicing Carrier shall issue a notice of non-renewal directly to the Insured.

If coverage cannot be placed in the voluntary market and a fully completed refusal letter is submitted to the same Servicing Carrier by the same Broker along with a memo requesting renewal, prior to the expiry date of the policy, a renewal or new policy (Servicing Carrier's discretion) will be issued.

2. Direct Writers

The Servicing Carrier shall arrange an offer to replace coverage with the voluntary market segment of its operation.

In the event that the voluntary market segment has filed a ground to decline the risk, a fully completed refusal letter must be filed with the Servicing Carrier segment of the operation prior to the expiry date of the policy, and a Residual Market renewal may be issued.

C. Accidents Occurring Between Renewal Process Date & Effective Date

Once a renewal or offer to renew has been processed, and accepted by the Insured, if the Servicing Carrier receives notice of a chargeable loss that occurred prior to the renewal's effective date, the Servicing Carrier shall not amend the renewal rating accordingly but charge for the loss on the next renewal.

D. Renewal Processing

1. Other than Direct Billing

a) Servicing Carrier Responsibilities

i. Renewal Notice to Agent/Broker
The renewal documents shall be issued by the Servicing Carrier and must reach the Agent's/Broker's address no later than 45 days prior to the policy's current expiry date.

A report card must be issued for every renewal of a private passenger vehicle and reach the Agent's/Broker's address no later than 45 days prior to the policy's current expiry date.

ii. Renewal Notice to the Insured
The renewal notice and/or renewal documents must reach the Insured no later than 30 days prior to renewal date.

b) Agent/Broker Responsibilities

Before releasing any renewal documents the Agent/Broker must collect or assume responsibility for the full renewal premium. In the case of experience (fleet) rated risks, where renewals may be late due to missing information, the Agent/Broker is responsible for the premium calculated at Driving Record 0. For other than experience rated risks, if the Servicing Carrier is unable to issue renewals in the required time period, the Agent/Broker must issue a temporary liability card to the Insured and collect a downpayment based on the estimated annual premium for the upcoming renewal term.
or
If the risk is to be newly placed on monthly pay, provide all information and documents required to the Servicing Carrier.
or
Obtain a fully completed premium finance contract together with the full downpayment required and promptly send that contract to the premium finance company.

Renewal not accepted

If the renewal is not accepted by the Insured, the Agent/Broker must promptly return all the renewal documents (including liability cards) to the Servicing Carrier. A written request from the Insured acceptable to the Servicing Carrier, for cancellation effective renewal date shall be accepted in lieu of renewal documents.

If the documents are received by the Servicing Carrier within 15 days of the renewal's effective date, a full refund shall be credited to the Agent's/Broker's Facility Association account. If the documents are not received within 15 days, the renewal shall be cancelled on a pro rata basis effective the date it is received by the Servicing Carrier. The Agent/Broker shall be responsible for earned premium or minimum retained premium whichever is greater.

Renewal documents that have been returned to the Servicing Carrier for cancellation may not be reissued unless the Servicing Carrier receives instructions no later than the renewal's effective date and the Agent/Broker collects or assumes responsibility for the full premium as outlined above.

If the renewal date has passed and the insurance is again required, there must be a new application and a new policy issued. In that event a refusal letter shall be required for private passenger vehicles.

2. Direct Billing Renewals

a) Servicing Carrier Responsibilities

1. For each policy an offer to renew shall be issued by the Servicing Carrier. The offer to renew must reach the Insured's last known address no later than 30 days prior to the policy's current expiry date.

A report card must be issued for every renewal of a private passenger risk and reach the Insured's last known address no later than 30 days prior to the policy's current expiry date

2. The payment due date must be clearly indicated on the offer to renew and must be the same as the policy's current expiry date.

3. If the required premium is received by the Servicing Carrier no later than 15 days after the payment due date, the Servicing Carrier shall promptly issue the appropriate renewal documents to the Insured.

4. The renewal documents must not be released by the Servicing Carrier until the full premium is received or the required first payment is received on time by the Servicing Carrier (by first payment due date if a deferred premium payment plan is available). If this rule is followed, neither the Carrier nor the Agent/Broker incurs any responsibility for the premium. If the Servicing Carrier follows any other unauthorized procedure, the Servicing Carrier will be responsible for the earned premium for the time on risk calculated on a pro rata basis and will be required to stop offering a Direct Bill option.

Payment Not Received

If the required payment is not received by the Servicing Carrier within 15 days of the payment due date, the policy shall be treated as though it has expired and the Servicing Carrier shall advise the Agent/Broker accordingly within the following 10 days.

Rule 129: Cancellations

A. Midterm cancellation effective date

1. Received by Agent/Broker or Servicing Carrier within 30 days

If the request for midterm cancellation is received by the Agent/Broker (or Servicing Carrier if received directly from the Insured) within 30 days of the date the cancellation is to be effected, and no effective time is requested, the cancellation shall take effect at 12:01 a.m. on the date it was requested to be effective. In the event that the cancellation was specifically requested to be effective at a time other than 12:01 a.m., the cancellation shall be effected at 12:01 a.m. the following day.

For example: The Insured requests cancellation of the policy to be effective August 5. The cancellation request is received by the Agent/Broker on August 20. The Servicing Carrier shall cancel the policy effective 12:01 a.m. August 5. If the Insured requested cancellation to be effective at 3:40 p.m. on August 5, the Servicing Carrier shall cancel the policy effective 12:01 a.m. on August 6.

Note: For Flat cancellation of renewals, refer to Rule 129:E:4.

2. Received by Agent/Broker or Servicing Carrier after 30 days

If the request for cancellation is received by the Agent/Broker (or Servicing Carrier if received directly from the Insured) more than 30 days after the date the cancellation was requested to be effected, the cancellation shall take effect at 12:01 a.m. on the date that the cancellation request is received by the Agent/Broker (or Servicing Carrier if received directly from the Insured).

For example: The Insured requests cancellation of the policy to be effective September 5. The cancellation request is received by the Agent/Broker on October 10. The Servicing Carrier shall cancel the policy effective 12:01 a.m. October 10.

NOTE for 1. and 2.
If the date the request was received by the Agent/Broker is not evident, the Agent/Broker will be asked to provide proof of the date received acceptable to the Servicing Carrier. If proof cannot be provided, the request will be processed effective 12:01 a.m. on the date received by the Servicing Carrier.

3. Received by Servicing Carrier after 30 days and vehicle sold

In the event that the vehicle has been sold, and a copy of the bill of sale satisfactory to the Servicing Carrier is produced, the policy shall be cancelled the day after the vehicle is sold regardless of what that date might be.

For example: The vehicle was sold June 5. The Servicing Carrier does not receive the request to cancel until September 5. If the Insured can produce a satisfactory bill of sale, the Servicing Carrier shall cancel the policy effective 12:01 a.m. June 6.

4. In the event of a total loss

In the event that a vehicle has been written off in a claim, cancellation shall be effected:

a) The day after the salvage is signed over to the Insurer,

or

b) The date the policy is no longer providing coverage on a rental vehicle under the temporary substitute auto provision, if that date is later than the date salvage was signed over.

For example: The vehicle has been written off in a claim June 1. On September 1 the Servicing Carrier receives a request to cancel the policy effective June 1. Upon checking with the

claims department, the Servicing Carrier ascertains that salvage was signed over to the claims department on June 15. However, the Insured had a rental vehicle covered under the policy's temporary substitute auto coverage until June 20. The Servicing Carrier shall cancel the policy effective 12:01 a.m. June 21.

5. Coverage placed in Voluntary Market
In the event the Insured has placed coverage through the voluntary market, upon receipt of a copy of the replacing policy application or temporary liability card, the Servicing Carrier shall cancel the policy effective the date that the replacement coverage took effect.

Servicing Carriers shall proceed with cancellation as outlined in points 1 or 2 unless the Servicing Carrier is aware or is made aware, that the circumstances outlined in points 3, 4 or 5 exist.

B. Policies with Lessors or Lienholders

If the policy is being cancelled at the Insured's request, a release of interest must be obtained from the lessor or the lienholder. In the event the Servicing Carrier does not receive a release of interest from the lessor, a notice is to be sent to the lessor by registered mail to advise that the policy is being cancelled and the effective date of cancellation. If no release is received from the lienholder, a notice is to be sent to the lienholder (registered mail is not required) to advise that the policy is being cancelled and the effective date of cancellation. If the policy is being cancelled at the Agent's/Broker's request or Servicing Carrier's initiative by registered letter, a copy of the registered letter must be sent to the lessor or lienholder by registered mail.

C. Where Proof of Insurance Has Been Filed

If proof of insurance has been filed, the notice period required by the authority must expire before cancellation can be effected, and therefore the Servicing Carrier shall cancel the policy effective the date the notice period expires – see Rule 137: Proof of Insurance.

D. Policy is Financed Through a Premium Finance Company

If a return premium is payable on a policy financed with a premium finance company, the gross refund is to be sent directly to the premium finance company regardless of the reason for cancellation. The Agent's/Broker's account shall be debited with the amount of the premium refund sent to the premium finance company.

E. Cancellation – Procedures

1. Cancellation at the request of the Insured or the Premium Finance Company – Broker Bill & Direct Bill
Cancellation requested by the Insured or the premium finance company under power of attorney must be made in writing in a format suitable to the Servicing Carrier.

Facility Association shall accept faxed signed and dated cancellation requests.

The return premium shall be calculated as follows:

For private passenger vehicles being placed in the voluntary market, calculate on a pro rata basis using the Day Table subject to any applicable minimum retained premium.

If the policy is on Broker Bill, the Servicing Carrier shall credit the Agent's/Broker's account with the unearned premium refundable unless the premium is financed through a premium finance company.

If the service fee has been capped, see Rule 134

2. Cancellation at the request of the Agent/Broker – Broker Bill When additional premium cannot be collected on original quote
If the Agent/Broker cannot collect the additional premium arising from an increase to the premium originally quoted for new business:

a) The Agent/Broker must advise the Servicing Carrier of the amount of premium collected (including service fee and any applicable tax) and request that a notice of cancellation be issued to the Insured,

or

b) The Agent/Broker must have the policy signed off. Facility Association shall accept faxed signed cancellation requests.

If the service fee has been capped, see Rule 134.

If the Agent/Broker reports non-payment of the additional premium within 30 days of receiving notice of those increases, the earned premium for cancellation shall be calculated pro rata on the Agent's/Broker's originally quoted premium. Otherwise, the earned premium shall be calculated pro rata on the revised premium. If a subsequent application is submitted by the same Agent/Broker to the same Servicing Carrier for substantially the same risk within 30 days of the effective date of cancellation of the first policy and, the Agent/Broker reports non-payment of additional premium, the earned premium shall be calculated pro rata on the revised premium.

Note: For policies for which premium is paid direct to the Servicing Carrier and the Carrier initiates cancellation the words 'agent/broker' will be read to mean Servicing Carrier.

When outstanding premium cannot be collected in all other cases

Agent/Broker Responsibilities
If cancellation of a policy is requested by the Agent/Broker due to inability to collect the full policy/renenwal premium or a subsequent additional premium, the Agent/Broker will be responsible for the time on risk charge which will be pro rata of the full premium

The Agent/Broker must advise the Servicing Carrier of the amount of premium collected (including service fee and any provincial sales tax) and request that a notice of cancellation be issued to the Insured.

Servicing Carrier Responsibilities
The Servicing Carrier shall promptly issue a registered notice of cancellation in accordance with the Statutory Conditions. The earned premium for cancellation shall be calculated pro rata on the full term premium at the time of cancellation.

When the Servicing Carrier issues a registered letter of cancellation, any unearned premium including service fee shall be refunded directly to the Insured (unless the policy is financed through a premium finance company) and the Agent's/Broker's account shall be debited for the amount of the refund and credited for the unearned premium.

3. Cancellation of Late Issued Renewals
If the Servicing Carrier is unable to issue renewals in the required time period, the Agent/Broker must issue a temporary liability card to the Insured and collect a downpayment based on the estimated annual premium (or the estimated semi-annual premium for 6 month policies) for the upcoming renewal term.

Once the renewal is issued
If the Insured does not accept the renewal premium, the Agent/Broker shall advise the Servicing Carrier of the amount of premium collected and request that notice of cancellation be issued to the Insured **or** shall have the Insured sign off the policy.

The Servicing Carrier shall then issue a registered letter of cancellation in accordance with the Statutory Conditions or issue the necessary cancellation documents. The earned premium shall be calculated pro rata based on the previous term premium.

4. Flat Cancellation
New Policy
Flat cancellation of a new policy is not allowed except as provided under Rule 129: Flat Cancellation Exceptions.

Additional Premium Policy Change
Flat cancellation of an additional premium policy change is not allowed.

Renewal
If renewal documents and liability cards are received by the Servicing Carrier within 15 days of the renewal's effective date, a full refund shall be credited to the Agent's/Broker's Facility Association account. If the renewal documents are not received within 15 days, the renewal shall be cancelled on a pro rata basis effective the date it is received by the Servicing Carrier and the Agent/Broker shall be responsible for earned premium. (A written request acceptable to the Servicing Carrier, for cancellation effective renewal date shall be accepted in lieu of renewal documents.)

5. Cancellation of Renewals in Outlying Areas
- No longer applicable.

6. Flat Cancellation Exceptions
1) Any policy, complete with liability cards, returned to the Servicing Carrier prior to the effective date of the policy, may be cancelled flat.

2) If a cheque or electronic payment received for a new policy or renewal premium renewal premium or, for the first instalment is not honoured by the financial institution, flat cancellation shall be allowed to the Agent/Broker provided that:

   a) The cheque was dated and issued on or before the effective date of the policy period concerned or the electronic payment was made on or before the effective date of the policy period concerned; and

   b) The cheque was immediately deposited; and

   c) In the case of a first instalment, the amount of the cheque or electronic payment was sufficient to meet the Servicing Carrier's requirement or, if financed under a contract with a premium finance company, the full down payment required under the terms of the contract; and

   d) The return of the cheque by the financial institution or dishonour of the electronic payment is promptly reported to the Servicing Carrier. A copy of the cheque front and back must be provided to the Servicing Carrier.

However, on the registered letter of cancellation to the Insured, the Servicing Carrier shall request payment of the full pro rata time on risk charge.

7. Cancellation initiated by the Servicing Carrier

Non-Payment Direct Bill
If premiums are paid directly to the Servicing Carrier, the Servicing Carrier may cancel an insurance policy for non-payment of premium. The earned premium shall be calculated pro rata.

Risk is not eligible for the Residual Market
If the application is not accompanied by a fully completed written refusal letter from a voluntary market Insurer or, if the Servicing Carrier's review of underwriting information indicates that the risk does not qualify as a Residual Market risk, the Servicing Carrier shall promptly issue a registered letter of cancellation and, immediately inform the Agent/ Broker so that alternate coverage can be arranged. See Rule 107: Eligibility.

The earned premium shall be calculated pro rata based on the originally quoted premium.

Other Circumstances
The Servicing Carrier may not otherwise cancel an insurance policy unless approval of such action is contained elsewhere in this manual or is obtained in the manner prescribed by the Association's Board of Directors.

F. Refund Calculation
1. Insured's Request

For a policy cancellation requested by or on behalf of the Insured (e.g. requested by a premium finance company) the premium refund shall be calculated in accordance with the Short Term Tables, unless a pro rata cancellation is being allowed because the risk is being placed in the voluntary market. If the service fee has been capped, see Rule 134.

2. Any Other Reason
Where the policy is being cancelled for any other reason (e.g. by registered letter) the premium refund shall be calculated on a pro rata basis using the Day Table.

Rule 130: Not applicable

Rule 131: Time on Risk Tables

A. Pro Rata

Calculation for Policy Changes & Cancellations
Using the Day Table on the next page:

1. Determine the factor that corresponds to the policy's expiry month and day. *For example* March 26 is .233. Express the policy's expiry date in a decimal format by combining the year and the factor. March 26, 1999 would become 1999.233.

2. Determine the factor that corresponds to the effective date of the policy change or cancellation and express that date in a decimal format. If the effective date of policy change is November 20, 1998 that would be expressed as 1998.888. Note that if the effective date of change or cancellation is February 29, it should be treated as February 28.

3. Subtract the second number from the first.

Policy expiry date	1999.233
Policy change date	1998.888
Refund/change factor	.345

4. Where the policy is a six month policy, double the refund/change factor.

5. For a policy cancellation, the refund is calculated by multiplying the policy premium as of the cancellation date by the refund/change factor. The policy premium is the full term premium for the coverage in force at the time of cancellation. Minimum retained premium must be taken into consideration.

6. For a policy change, the additional/return premium is obtained by multiplying the full term premium for the change by the refund/change factor.

C. Short Term Tables

Private Passenger Vehicles

For a policy cancellation use Short Term Table 1 or 2. For a short term policy, use Short Term Table 1.

Cancellation requested by or on behalf of Insured

1. Referring to the Day Table, calculate the number of days the policy has been in force.

2. Referring to Table No. 1 (in the case of an annual policy) or Table No. 2 (in the case of a six month policy), determine the 'Percentage of premium'.

3. Subtract that percentage from 100% to determine the 'refund percentage'.

4. Apply the refund percentage to the full term policy premium as at the cancellation date. Minimum retained premium must be taken into consideration.

Calculating premium for a Short Term policy:

1. Referring to the Day Table, calculate the number of days the policy has been in force.

2. Referring to Table No. 1, determine the 'Percentage of premium'.

3. Apply that percentage to the annual premium. Minimum retained premium must be taken into consideration.

Rule 132: Reinstatements

A. A policy may only be reinstated if:

a) The Servicing Carrier receives instructions not later than the day before the cancellation takes effect. This includes instructions from a premium finance company. Where the Agent/Broker has not forwarded payments to a premium finance company, the policy cannot be reinstated. Cancellation takes effect at 12:01 am e.g. If the policy is to be cancelled effective July 1, the request for reinstatement must be received by the Servicing Carrier before midnight June 30.

If the cancellation has taken effect, the policy cannot be reinstated and a new application must be completed. The new application must be accompanied by a fully completed refusal letter showing a reason for refusal that has been filed with the appropriate regulator. Any unpaid earned premium under the policy due to the Servicing Carrier must be paid with the new application.

b) The policy was cancelled for non-payment, and the full required premium is received (by cash, money order or certified cheque from the Insured) or there is written confirmation from the Agent/Broker assuming full responsibility for that premium. Where a refund cheque accompanied the registered letter, the amount of the refund cheque must also be obtained from the Insured (by cash, money order or certified cheque) or the Agent/Broker shall assume full responsibility for that amount.

B. Request received after cancellation has taken effect – Monthly Pay

A new application and a new policy are required. The application must be accompanied by a fully completed refusal letter. The policyholder must pay any outstanding earned premium in full plus a return item charge (NSF etc.) of $50.00. If the Insured has had two or more cancellations for non-payment within the 36 months immediately preceding the effective date of the new policy, the new policy cannot qualify for monthly pay plan.

C. When a policy is reinstated

When a policy is reinstated, the Servicing Carrier shall issue a notice of reinstatement. If necessary, the Agent/Broker or Servicing Carrier shall issue a temporary or permanent liability card. If proof of insurance was cancelled, the necessary proof of insurance shall be reissued.

Rule 133: Service Fee Schedule

(Commission)

For vehicles on 6 month policies, the cap is 50% of the annual amount shown below. **Where risks are 'experience rated', there is no cap; however, the maximum commission rate shall not exceed 7 ½ % per vehicle.**

Private Passenger Vehicles	Experience Rated	Individually Rated	Cap
Class 10, 11, 12	7.5%	9%	$370
All other private passenger	7.5%	11%	$370

For the purpose of determining Commission Rates, the expression 'Private Passenger Vehicles' includes Antique/Classic automobiles, Commercial-Type vehicles that are rated as Private Passenger vehicles and Driving School vehicles (Class 07), but excludes vehicles rated as Commercial or Public vehicles, Fire and Police Department vehicles (Class 53) and Funeral vehicles (Class 75).

Rule 134: Service Fee

Facility Association premiums are published on a net of commission basis. Agents/Brokers are compensated by means of a service fee. The service fee is subject to a maximum amount (cap) per vehicle in most circumstances. The service fee is legally a part of every premium. Premium is the net premium plus service fee.

The fee is charged on a per vehicle basis including the premium for applicable policy changes.

Where a Class 05 or Class 06 premium charge is present on a vehicle, the fee is calculated on the total vehicle premium. A camper unit and its vehicle are regarded as separate vehicles as is a trailer and its towing vehicle.

The fee is subject to a cap per vehicle per policy term. Please see the service fee schedule. For vehicles on 6 month policies, the cap is 50% of the annual cap shown on the schedule.

The service fee must be shown on the application (in the Additional Charges Column if possible) as 'Facility Association Service Fee' and must be added to the net premium to produce the total policy premium.

The policy documents for all premium transactions must show the net premium, 'Facility Association Service Fee' and total amount payable. Every registered notice/letter of cancellation must show the earned premium, earned service fee and applicable provincial sales tax.

A. Broker Bill

At the time of binding an application for insurance, the Agent/Broker shall calculate the service fee subject to the cap. When the policy is issued or an additional premium policy change is issued, the Servicing Carrier shall debit the Agent's/Broker's account with the net premium amount. The fee shall not appear on the statement as an amount payable. The Agent/Broker remits the premium only to the Servicing Carrier and retains the fee. When the Insured requests that the policy be cancelled, or that a coverage or vehicle be deleted, the Servicing Carrier shall credit the Agent's/Broker's account with the unearned premium and it is the Agent's/Broker's responsibility to refund the unearned service fee and applicable provincial sales tax.

Where the Agent/Broker is requesting cancellation by registered letter for non-payment, it is the Agent's/Broker's responsibility to inform the Servicing Carrier of the amount of premium including service fee and provincial sales tax collected from the Insured. Failure to do so may make the cancellation null and void and will leave the Agent/ Broker open to errors and omissions risk. When issuing the registered letter, the Servicing Carrier must refund the unearned portion of the premium to the Insured including the unearned service fee and applicable provincial sales tax. Failure to do so would make the cancellation null and void. The Servicing Carrier shall then debit the Agent's/Broker's statement for the unearned premium, service fee and provincial sales tax refunded to the Insured.

B. Sample Worksheet for Service Fee Calculation on Policy changes

At the time of binding an application for insurance the Agent/Broker shall calculate the service fee subject to the cap. When the policy is issued or an additional premium policy change is issued, the Servicing Carrier shall credit Agent's/Broker's account with the service fee. The Servicing Carrier shall pay the Agent/Broker the credited service fee within 30 days of the accounting month's close.

When the Insured requests that a policy be cancelled, or that a coverage or vehicle be deleted, or the Servicing Carrier is required to cancel the policy for non-payment, the unearned service fee shall be debited to the Agent's/ Broker's account. The Agent/Broker must pay the Servicing Carrier the amount of debited service fee within 30 days of the accounting month's close.

C. Collection of Charges in Excess of Service Fee

The collection of any fee or additional charge in excess of the service fee is expressly forbidden. The Agency-Broker/Servicing Carrier Agreement states in note 3 of Exhibit A 'No other additional fee for service may be charged'.

To charge an additional fee would constitute a breach of the agreement. In addition, the law requires that Facility Association rates must be those filed with and approved by the Financial Services Commission of Ontario and that Agents/Brokers comply with the Facility Association Plan.

The definition of 'rate' like 'premium' includes any commission or fees and an Agent/Broker who collects an additional charge on a Facility Association policy is in contravention of the Act.

D. Calculation of the Capped Service Fee

In order to calculate the service fee (commission) for any kind of transaction (new business, renewal, additional premium or return premium policy change or cancellation):

Step 1

Commission % X Total Net Premium to Date (including this transaction) = Uncapped Fee to Date

Step 2

Determine the capped fee for the period of time the vehicle is insured.

Step 3

Choose the lesser of the result from Step 1 or Step 2.
The cap is calculated per vehicle, and is dependent on the length of time the vehicle is insured.

For example, if a vehicle is added to the annual policy after 3 months, the cap would be reduced from $370 to $278. (9 months/12 months =.75 x $370 = $278)

The following table provides an example of the activity and resulting fee attributable to one policy. Note: This is an illustration and not meant to reflect the actual premiums associated with any transaction.

TRANSACTION		PREMIUMS		SERVICE FEE			
Date	Type	This Transaction	Net to Date	Fee Calculated @ 11%	Cap	This Transaction	Fee Charged/ Credited
Oct. 1	New business	4,000	4,000	440	370	370	370
Nov. 1	Delete Collision	-1,000	3,000	330	370	-40	330
Dec. 1	Add Comp	100	3,100	341	370	11	341
Jan. 1	Add Collision	800	3,900	429	370	29	370
Feb. 1	Increase limits	50	3,950	435	370	-----	370
Jul. 1	Cancel policy	-400	3,550	391	278	-92	278

Calculation of the Capped Service Fee

Examples:

On October 1st, one vehicle is insured for a 12-month term. The premium is $4000. The uncapped fee at 11% would be $440 and this is capped at $370.

On November 1st, the Insured deletes Collision resulting in a return premium of $1,000. The total premium for the 12 months is now $3,000 that generates $330 fee. Therefore, $40 of the previously collected $370 must be returned.

On December 1st, the Insured adds Comprehensive, resulting in an additional premium of $100, for a total 12 month premium of $3,100. This results in an uncapped fee of $341. This is still less than the cap and a charge of $11 (the difference between $341 and $330) is made.

On January 1st, the Insured adds Collision at a cost of $800. This results in a new 12month premium of $3,900. The resulting uncapped fee at 11% equals $429. This is more than the $370 cap and thus the cap comes into play. The additional fee will be $29 (the difference between $370 and $341).

On February 1st, the Insured increases the liability limit on the policy, which results in an additional premium of $50. The total 12month premium becomes $3,950 and the uncapped fee would be $435. Since the fee has already reached the cap, there is no additional fee to be charged for this transaction.

On July 1st, the Insured cancels the policy. The premium for the 9 month period is $3,550. The uncapped fee would be $391. Since the policy period for this vehicle is now 9 months, the cap is decreased accordingly and becomes $278 (9 months/12 months (.75) x 370). The Agent/Broker must refund $92 of the fee to the Insured.

Cancellations

If a policy is cancelled short rate, the return premium is calculated short rate. The service fee is calculated on a pro rata basis. The cap however may limit the fee.

Examples assume annual policy in force one month at short rate of 15%.

Rule 135: Definition of Accident

A. What Is A Chargeable Accident

A chargeable accident is an occurrence resulting in damage to persons or property arising out of the ownership, use or operation of a vehicle, in consequence of which:

1. An amount has been paid or would have been paid but for the existence of provincial Direct Compensation laws or agreements,

or

2. A loss remains unsettled or unpaid,

or

3. A civil suit is pending in respect of:
   - Liability
   - No Fault Benefits Schedule (Accident Benefits)
   - Collision or the Collision portion of All Perils coverage

A chargeable accident is always taken into account in rating even if there was no insurance in effect or the loss was repaid to the Insurer by or on behalf of the Insured or if the Insured chose not to present the claim.

A minor at fault accident as defined under Rule 135:B occurring on or after June 1, 2016 is taken into account in rating if the vehicle was involved in a total of two or more minor at fault accidents in the previous three years.

B. What Is Not A Chargeable Accident

An occurrence shall not be regarded as a chargeable accident if:

1. For a minor accident occurring on or after June 1, 2016 the following criteria are met:
   - Damage to each vehicle including property damage does not exceed $2000 and is paid by or on behalf of the at fault driver.
   - No personal injuries are sustained.
   - No payment is made by any insurer.
   - This is the first minor at fault accident involving the vehicle in the previous three years.
2. For accidents not meeting the definition of minor accident or occurring prior to June 1, 2016:
   - The Insured's degree of fault is determined as 25% or less under the relevant provincial fault determination laws or agreements or dispute resolution mechanism.
   - The damage resulted from the vehicle being struck by an unidentified vehicle and is reported to the police within 24 hours.
   - The damage occurred while the vehicle was legally parked and is reported to police within 24 hours.
   - The damage results from collision with a wild or domestic animal.
   - All damages are legally recoverable from the owner or driver of an uninsured or unidentified automobile.

Notes: The words 'loss(es)' and 'claim(s)' where used in this manual are considered to have the same meaning as the word 'accident'.

The words 'at fault' and 'chargeable' where used for personal private passenger automobiles in this section of the manual do not have the same meaning:

'At fault' refers to a driver's responsibility for an accident.

'Chargeable' refers to a loss taken into account in the rating of a vehicle. Not all at fault losses are chargeable e.g. first minor accident.

Any accident involving a vehicle insured on this policy and allocated to a driver who subsequently has signed a valid END 28A (Excluded Driver) will not be considered a chargeable accident, unless the excluded driver has driven the insured vehicle resulting in a claim. Under that circumstance, the policy will be rated as if there is no excluded driver.

For private passenger personal use vehicles, where the driver responsible for an at fault accident is now deceased, the loss will no longer be chargeable.

C. How To Allocate Chargeable Accidents

No accident shall be used more than once in determining the premium for vehicles insured through FA with any Servicing Carrier whether or not on the same policy.

When an occasional driver (including male or female under age 25) is responsible for a chargeable accident, the accident must be included for rating purposes. If the occasional driver is removed from the policy, the accident shall be assigned to the vehicle on which it occurred.

At new business, where there are multiple vehicles and multiple drivers insured on a policy, any claims shall be assigned first to the vehicle for which the responsible driver is principal operator regardless of which vehicle was involved in the claim. If the responsible driver is principal operator of more than one vehicle, the claim shall be assigned first to the vehicle involved in the claim and if this is not possible, to the vehicle which that person principally operates that produces the highest premium.

At renewal, any chargeable accidents that occurred during the policy term shall be assigned to the vehicle on which they occurred.

For example: A new application is received. Applicant is principal operator of Vehicle 1 and has had 2 losses on Vehicle 1 and 1 loss on Vehicle 2. Spouse is principal operator of Vehicle 2 and has had 1 loss on Vehicle 1 and 1 loss on Vehicle 2. For purposes of allocating accidents, the 3 accidents the Applicant has had will be allocated to Vehicle 1 and the 2 accidents the spouse has had will be allocated to Vehicle 2.

The term 'vehicle' includes 'one for which it has been substituted'.

The following table illustrates how chargeable accidents are to be applied in the rating of other types of vehicles if they cannot be assigned to the vehicle actually involved.

Type of vehicle involved in the accident	Type of vehicle to which the accident can be applied
Private Passenger	Private Passenger, Motor Home, Light Commercial
Light Commercial	Commercial, Private Passenger, Motor Home
Commercial	Commercial
Public	Public
Motorhome	Motor Home, Private Passenger , Light Commercial
Motorcycle	Motorcycle
Garage	Garage
All Terrain or Snow Vehicle	All Terrain or Snow Vehicle

Note: ‘Type of vehicle’ means the section of the manual in which the vehicle was or would have been rated.

For example: A car is rated as a private passenger vehicle and the Insured had a chargeable accident. The Insured is now going to begin using the vehicle as a taxi. The accident that occurred while the vehicle was rated for personal use cannot be counted against the vehicle when it is being rated as a taxi. If the vehicle will be used for pleasure use and as a taxi, compare private passenger rates including the accident to taxi rates excluding the accident.

Where a chargeable accident is assigned to a vehicle showing on the policy and that vehicle is deleted from the policy or mandatory coverage on that vehicle is removed or suspended, the chargeable accident shall be re-assigned on the following basis:

- to a remaining vehicle with active mandatory coverage i.e. not deleted or suspended
- to the vehicle that produces the highest premium where there is more than one remaining vehicle,
- effective the date coverage on the original vehicle was deleted or suspended

Where a chargeable accident is assigned to a vehicle NOT showing on the policy and it is discovered that the associated vehicle is deleted from the policy or mandatory coverage on that vehicle is removed or suspended, the chargeable accident shall be re-assigned on the same basis as that shown above.

Rule 136: Accident and Conviction Surcharges

These surcharges are applicable to Liability, Accident Benefits, Uninsured Automobile, Direct Compensation Property Damage and Collision. These surcharges are not to be applied to coverages that are experience (fleet) rated.

A. Accidents

Accident surcharges are assessed in accordance with the surcharge schedule for chargeable accidents that occurred during the 36 months immediately preceding the commencement of the period of insurance.

1. At New Business

No accident shall be used more than once in determining the surcharges for vehicles insured through FA by any Servicing Carrier, whether or not on the same policy.

As long as there is a Class 05 or Class 06 premium charged on the policy, accidents relating to Class 05 or Class 06 drivers shall only be used to calculate the surcharges on the Class 05 or Class 06 premium. The Class 05 or Class 06 premium develops its own surcharge independent of the underlying class.

Accidents arising from the ownership of any vehicle other than the described vehicle are not to be considered.

For example: The Insured owns a business in which three vehicles are driven by employees. Two of the vehicles are insured in the voluntary market; the other is insured through FA. There have been two accidents on each of the vehicles in the voluntary market, none of which arose from the use or operation of the vehicle by the Insured himself. There have been three accidents on the vehicle insured through FA. The accidents that occurred on the vehicles insured in the voluntary market are not used to calculate the accident surcharge on the vehicle insured through FA, as long as they are rated under another inforce automobile policy.

Where the term ‘described vehicle’ is used, it includes a vehicle substituted for it.

Accidents arising out of the use or operation of other vehicles for which a spouse or any listed operator other than the Applicant is responsible shall not be considered if the spouse or listed operator is currently being charged with the accident as the principal operator of another vehicle (subject to Rule 135) or is an excluded driver on that vehicle.

a) One vehicle on the policy

Consider accidents that involved the described vehicle and accidents that arose out of the use or operation of any other vehicle by the Applicant, spouse, or any listed operator (unless the spouse or listed operator is currently being charged with the accident as principal operator of another vehicle). Subject to Rule 135:C. How to Allocate Chargeable Accidents. See also Rule 135:B regarding Excluded Drivers.

For example: Applicant has had 1 chargeable accident on the described vehicle and 1 accident on the neighbour’s car. Spouse had 1 chargeable accident on their own vehicle insured elsewhere but has now sold that vehicle. All accidents shall be allocated to the described vehicle and a surcharge shall be applied.

b) One driver and two or more vehicles
Accidents that involve one of the described vehicles shall be assigned to that vehicle. Accidents arising out of the use or operation of any other vehicle by the listed driver shall be assigned to the vehicle that produces the highest premium before the application of any accident or conviction surcharges. See Rule 135:B regarding Excluded Drivers.

For example: There are two vehicles on the policy; Applicant is the only operator. There has been one accident on Vehicle 1 and one accident on Vehicle 2. Applicant also had two accidents on his company vehicle insured elsewhere. The premium for Vehicle 2 is higher than the premium for Vehicle 1. As the Applicant is the principal operator of both vehicles, the claims are rated on the vehicle on which they occurred. A surcharge applies to Vehicle 2 as a result of the two accidents on the company car and the one accident that occurred on Vehicle 2.

c) Two or more drivers and two or more vehicles
Each driver is to be assigned as principal operator on the vehicle he or she most frequently drives. Accidents that the principal operator had on any vehicle are to be considered. Accidents that occurred on the assigned (described) vehicle that cannot be assigned to the principal operator of another vehicle on the policy are to be considered. Accidents that arose from the use or operation of any other vehicle by any other listed driver, who has not been assigned as a principal driver of a described vehicle or principal operator of any other vehicle, shall be allocated to the vehicle which develops the highest premium before the application of any accident or conviction surcharges. See Rule 135:B regarding Excluded Drivers.

For example: Applicant is principal operator of Vehicle 1 and has had one accident on Vehicle 1, two accidents on Vehicle 2 and 1 accident on his company car. Spouse is principal operator of Vehicle 2 and has had no accidents. The daughter has had one accident on Vehicle 2. The Applicant's four accidents will be rated against Vehicle 1. The daughter's accident is rated on Vehicle 2. A surcharge for the Applicant's four accidents applies to Vehicle 1 as the Applicant is principal operator of Vehicle 1.

2. At Renewal (for surcharge only)
At renewal time, the accident record shall be updated. Any accidents that occurred more than 36 months prior to renewal date shall be excluded and all accidents that occurred during the expiring term that involved the following shall be added:

a) The described vehicle (regardless of driver).
b) Other vehicles but were the subject of claims under this policy.

B. Convictions
Conviction surcharges shall be assessed for traffic offences (as hereinafter described) for which the Insured was convicted in the 36 months immediately preceding the commencement of the period of insurance.

No convictions related to an excluded driver shall be taken into consideration. END 28A (Excluded Driver) must be properly signed by the named Insured and excluded driver.

1. How to apply conviction surcharges
No conviction record shall be used more than once to determine conviction surcharges for vehicles insured through FA by the same Servicing Carrier, whether or not insured on the same policy.

If convictions for impaired driving and failure or refusal to take a breath or blood test relate to the same occurrence, they shall be considered as one conviction.

If more than one CAIA/MVACA conviction relates to the same occurrence, only the one that develops the highest surcharge shall be used.
CAIA – Compulsory Automobile Insurance Act MVACA – Motor Vehicle Accident Claim Act.

As long as there is a Class 05 or Class 06 premium charged on the policy, the conviction records of the Class 05 or Class 06 drivers shall only be used to calculate surcharges on the Class 05 or Class 06 premium. The Class 05 or Class 06 premium develops its own surcharge independent of the underlying class.

a) One vehicle and more than one driver
The conviction record of all persons who are regular or frequent drivers of the vehicle shall be reviewed to establish which conviction record develops the highest surcharge percentage in accordance with the surcharge schedule for convictions and/or the lowest driving record. That conviction record shall be used to determine the applicable driving record and calculate the conviction surcharge.

b) More than one vehicle and more than one driver
Each driver shall be allocated to the vehicle he/she drives most and that driver's conviction record shall be considered in relation only to that vehicle.

c) One driver and more than one vehicle
The driver's conviction record shall be applied to the vehicle that produces the highest combined Liability, Accident Benefits, Uninsured Automobile, DCPD and Collision premium prior to the application of any accident or conviction surcharges.

Note: If there is more than one vehicle on the policy, the surcharge will apply to the vehicle principally driven by the person who committed the fraud. If the person who committed the fraud is the Applicant but not a driver of any vehicle on the policy or is a driver but not the principal driver of any vehicle on the policy, the surcharge will be applied to the highest rated vehicle on the policy.

Rule 137: Proof of Insurance Where Notice of Cancellation or Deletion is Required

1. The Servicing Carrier must make all filings. The Agent/Broker is not permitted to do so.

2. The Agent/Broker must promptly advise the Servicing Carrier if proof of insurance (e.g. a financial responsibility certificate) must be issued or filed with a local, provincial, federal or U.S. authority.

   NOTE: Where vehicles are operated in the U.S., Insureds must be asked whether or not proof of insurance must be filed and, if so, in what amount.

3. Once the proof of insurance is issued, a copy should be supplied to the Agent/Broker for his/her records.

4. Proof of insurance may not be issued or filed on a 'blanket basis' i.e. without specifying the insured vehicles - unless the authority concerned permits no alternative. In that case, the Facility Association's form of 'Indemnification and Hold Harmless Agreement' must be fully completed (including the signatures of the Applicant and a witness) and provided to the Servicing Carrier.

5. Parties cannot be added as additional named Insured on the policy. The certificate showing proof of insurance guarantees to the party that the vehicle is insured. This is the full extent of the guarantee.

6. In most cases, the Servicing Carrier's standard certificate of insurance is acceptable and is the preferable option. Should the Servicing Carrier have any concern with the coverages or limits being guaranteed when asked to use a certificate prescribed by the organization or authority with whom the certificate is being filed, the Servicing Carrier should contact Facility Association Head Office.

A. Financial Responsibility Certificate

A temporary liability card may be issued for an Applicant who requires the filing of a financial responsibility certificate before he/she may be licensed to drive, provided a fully completed and signed application is submitted for the Applicant at the time the temporary liability card is issued. Details of the licence subsequently obtained must be reported promptly to the Servicing Carrier.

B. Renewal or Offer to Renew

If a renewal or offer to renew is issued where proof of insurance has been issued or filed and the renewal is not required, the Servicing Carrier must be notified in sufficient time to file a notice of cancellation in accordance with the applicable authority's requirements. Otherwise the Agent/Broker/Insured shall be responsible for time on risk charges.

C. Policy Cancellation or Vehicle Deletion

1. Registered Letter

Where proof of insurance has been issued or filed and the policy is to be cancelled, the cancellation of coverages to which the proof of insurance relates shall be processed in accordance with the Statutory Conditions.

The notice of cancellation for the authority concerned must be issued on the same day as the notice of cancellation to the Insured; however, as a result of the authority's requirements the effective date of cancellation may be different.

For example: The registered letter of cancellation for the policy is issued on June 1 for both the Insured and the provincial authority. For the Insured, cancellation shall take effect 15 days from the date the registered letter is received at the post office to which it was addressed. Let's say June 19. The provincial authority requires 30 days notice of cancellation. The effective date of cancellation for the authority will be June 30.

If the Insured had a Comprehensive loss on June 25, the policy would not respond. If however, the Insured had a Liability loss on June 25, the policy may have to respond as the proof of insurance provides that Liability coverage is in effect until cancelled on June 30.

2. Insured's Request

Where proof of insurance has been issued or filed, and the vehicle is to be deleted from the policy or the policy is to be cancelled, the cancellation of coverages to which the proof of insurance relates shall be processed after taking into consideration the period of notice required by the authority.

The effective date of cancellation or deletion shall be the same for both the Insured and the authority concerned.

For example: The Insured requests cancellation of the policy to be effective June 1. The provincial authority requires 30 days notice of cancellation. The notice to the provincial authority is sent on June 5. The effective date of cancellation for the Insured will be July 5.

D. Filing Liability Limits

The filing should always be made for the limit required by law even if the policy actually shows a higher limit.

Where a vehicle requires filings in multiple jurisdictions, the filing should be made showing only the limits required in that jurisdiction. The policy should be written with the lowest limits necessary to meet all requirements.

For example: In one jurisdiction a filing for a vehicle requires a limit of $1,000,000. A filing for a $5,000,000 limit is also required in another jurisdiction for the same vehicle. The policy must be issued with a $5,000,000 limit. One filing should be made showing the limit of $1,000,000. The other filing should be made showing the $5,000,000 limit.

Where a filing is to be made for a leased vehicle, the filing should be made in the name of the lessee only.

E. Processing Fees for Filings

Please contact your Servicing Carrier for a schedule of fees which will be charged on a 100% cost recovery basis.

Any charge required by the authority concerned shall be in addition to, and separate from, the processing fees.

Rule 138: U.S. Exposure Surcharge

A. U.S. Exposure Surcharge

Any vehicle that is operated in the U.S. is subject to the U.S. exposure surcharge. This surcharge shall apply to private passenger vehicles where proof of insurance is required by U.S. authorities and where the vehicles are used for business purposes.

The surcharge does not apply where the vehicle is used for personal use only and proof of insurance is not required.

The Insured must advise the Agent/Broker the percentage of total mileage that the vehicle will be driven in the U.S.

If the U.S. exposure is 5.0% or less of total mileage, the surcharge shall be waived unless U.S. authorities require proof of insurance. In this case a 5% surcharge will apply to Liability, Accident Benefits, Uninsured Automobile, DCPD and END 44R.

NOTE: Where vehicles are operated in the U.S., Agents/Brokers must ask Insureds whether or not proof of insurance must be filed and, if so, in what amount.

Liability, Accident Benefits, Uninsured Automobile, DCPD, END 44R

For each percentage point of total mileage in the U.S., surcharge 1.5% of the applicable premium

For example:

U.S. Exposure	Applicable Surcharge
Up to 5% and no proof of insurance required	0%
Up to 5% and proof of insurance required	5%
10%	15%
25%	37.5%
50%	75%

Optional Physical Damage Coverage

For each percentage point of total mileage in the U.S., surcharge .75% of the applicable premium.

For example:

U.S. Exposure	Applicable Surcharge
Up to 5%	0%
10%	7.5%

B. Currency Differential Surcharge

Whenever proof of insurance is required by U.S. authorities, a currency differential surcharge is added to the Liability (not DCPD) premium to provide for the potential additional loss arising from the payment of a claim in U.S. dollars.

The currency differential is the rate of exchange being charged for the U.S. dollar, to the nearest cent, as at the date the premium is calculated by the Servicing Carrier for policy issuance. The Servicing Carrier shall use the Bank of Canada closing rate from the previous published day.

The surcharge percentage is calculated by means of the following formula:

Currency differential x U.S. exposure surcharge

For example:
The rate of exchange for the U.S. dollar is 1.3085 Canadian.
Therefore the currency differential is 0.31.
The U.S. exposure surcharge is 25%.

Currency differential surcharge: 0.31 X 25% = 7.75%

The currency differential surcharge is

1. Applied only to the Liability premium, not DCPD. There is no minimum surcharge applicable.
2. Additional to but not compounded on the U.S. exposure surcharge.

Example:

The Liability premium is	$1,000
U.S. Exposure Surcharge is	25%
The Currency Differential Surcharge is	7.75%
Base Premium	$1,000
U.S. Exposure $1,000 X .25 =	$250
Currency Differential $1,000 X 7.75 =	$78
Total Liability premium	$1,328

3. In addition to the Servicing Carrier's fee for filing proof of insurance.
4. Payable only when proof of insurance is required by U.S. authorities.
5. The combined dollar value of the currency differential surcharge and the U.S. exposure surcharge is subject to a minimum of $50 per policy term.

For example: Using the example above, the dollar value of the U.S. exposure surcharge is $250 and the dollar value of the currency differential surcharge is $78. The total combined dollar value is $328, well exceeding the minimum required.

Rule 139: Claims

Every accident, loss or claim that comes to the knowledge of the Agent/Broker in regard to his/her Facility Association policies must immediately be reported in the manner prescribed by the Servicing Carrier.

Collision with Animals

Losses involving Collision with animals, both wild and domestic, shall be paid under Comprehensive coverage. If the policy does not afford Comprehensive coverage but does provide Collision coverage, the loss shall be paid under Collision coverage and be regarded as not chargeable.

Rule 140: Not applicable

Rule 141: Suspension and Reinstatement of Coverages – END16/17

Liability, Accident Benefits, Uninsured Automobile, DCPD and Collision as they relate to the use and operation of the described vehicles, new vehicles or temporary substitute vehicles may be suspended by means of END 16. This policy change leaves in place Comprehensive or Specified Perils coverage if present on the policy as well as the coverages mentioned above as they relate to the ownership of the vehicle. This means that END 16 does not suspend coverages related to 'drive other vehicles'; while a pedestrian; or the DCPD coverage while the vehicle is in storage. This policy change is available on private passenger and commercial vehicles. Coverage is reinstated by means of END 17.

No refund is allowed in respect of Comprehensive and Specified Perils.

END16/17 is not available for the following:

1. Vehicles for which proof of insurance is issued or filed.
2. Experience rated risks
3. Recreational vehicles rated in the Recreational Vehicle Section
4. Vehicles that were never intended to be driven
5. Vehicles held for sale whether or not on an auto dealer's lot

Rating

1. If there are two or more vehicles insured through FA by the same Servicing Carrier, and one of the vehicles retains moving coverages, refund:

90% of Liability
100% of Accident Benefits, Uninsured Automobile
90% of DCPD
100% of Collision (if present)

2. If there is only one vehicle insured through FA by the same Servicing Carrier, refund:
90% of Liability
75% of Accident Benefits, Uninsured Automobile
90% of DCPD
100% of Collision (if present)

Determine the pro rata premium for the above coverages for the remainder of the term, and then refund the above percentage of that amount. When coverage is reinstated, the additional premium is the pro rata premium for these coverages for the remainder of the term. In no event shall a refund be granted for any suspension period of less than forty-five (45) consecutive days.

Rule 142: Suspension of Operator's Licence

The following provisions apply in the event of the suspension, cancellation or lapse of an operator's licence. These provisions apply whether END 28A (Excluded Driver) is being added to the policy at the request of the Insured or by the Servicing Carrier because of the above mentioned circumstances.

A. If there is no other driver of the vehicle

1. An application for insurance of the vehicle shall be declined by the Agent/Broker.

2. If the situation is discovered after the policy has been issued, the Servicing Carrier shall cancel the policy by registered letter in accordance with the applicable regulation.

3. The time on risk charge for the period to expiration of the notice of termination will be pro rata of the premium applicable to the risk as submitted.

4. If the situation is discovered as a result of enquiries prior to the renewal date, the Servicing Carrier shall issue a notice of non-renewal.

Note: Where the Insured's licence is suspended, the Insured shall be permitted to place the vehicle in storage and suspend or remove moving coverages. See Rule 101: Minimum Coverage.

B. If there is another licensed driver of the vehicle

(It is assumed that the person concerned will not drive without a valid licence.)

1. The Servicing Carrier shall issue END 28A (Excluded Driver) restricting coverage to minimum statutory Accident Benefits and excluding optional physical damage coverage where provided, for that person.

2. If that person being a driver affected the rating of the insurance, the insurance will be re-rated to remove that person as a driver and any accidents involving that driver prior to being excluded will not be taken into account in rating. If the driver has a 'driving while suspended' conviction, all accidents and convictions will be taken into consideration for the rating and the END 28A (Excluded Driver) will be deleted.

C. Unsigned END 28A (Excluded Driver)

If END 28A (Excluded Driver) is not signed, END 28A shall be deleted and the policy shall be re-rated as though there was no END 28A.

Rule 143: 'Home-Made' Vehicles / Reconstruction / Imported Right Hand Drive / Imported Vehicles

The following provisions apply to right hand drive, imported vehicles and any vehicle that has been constructed, reconstructed or restored other than by a recognized manufacturer of such a vehicle.

This rule does not apply to vehicles with a manufacturer assigned VIN and a status of 'rebuilt' which are to be rated using CLEAR rate groups.

A. Liability, Accident Benefits and DCPD

No coverages are permissible until the following are provided to the Servicing Carrier:

1. A valid vehicle registration and, at the Servicing Carrier's discretion, a certificate of roadworthiness or mechanical fitness acceptable to the Servicing Carrier

and

2. For vehicles valued $15,000 or more, an appraisal acceptable to the Servicing Carrier at the Applicant's expense to enable the proper rating group to be determined. Vehicles valued under $15,000 are rated based on value provided by the Insured.
3. For private passenger vehicles, rate group 34 is to be used for Accident Benefits where vehicles are rated by value.

These certificates must accompany the application to the Servicing Carrier.

B. Optional Physical Damage Coverage

1. No optional physical damage coverage (for any value) will be available for:
   a) 'Home-made' / reconstruction vehicles until the construction, reconstruction, restoration has been completed and the mechanical fitness and value of the vehicles have been substantiated by a certificate from an independent appraiser or a recognized authority on such matters, acceptable to the Servicing Carrier.

   b) Imported right hand drive and imported vehicles until value of the vehicle has been substantiated by a certificate from an independent appraiser or a recognized authority on such matters, acceptable to the Servicing Carrier.

2. The premium is based on the appraised amount.

3. The insurance shall be subject to END 19 (Limiting the Amount Paid for Loss or Damage Coverages) which must be attached to the policy and a copy signed by the Insured. END 19A (Agreed Value of Automobiles) is not available.

Rule 144: Vehicles Used Outside Jurisdiction of Registration

Rule 100: Filed Underwriting Rules requires that the vehicle must be registered in the jurisdiction in which the policy is issued. 'If the vehicle is registered in another jurisdiction in which Facility Association operates, the vehicle may be insured through an Agent/Broker and Servicing Carrier licensed in that jurisdiction.'

When an Insured takes up residence in another jurisdiction, the Insured is required to register the vehicle in the new jurisdiction. The existing policy must be cancelled (pro rata) and new insurance obtained in the new jurisdiction.

There are circumstances under which the vehicle may be used for a period of time in another jurisdiction where vehicle registration in that jurisdiction is not required.

For example: The Insured resides in Ontario and the vehicle is registered in that jurisdiction; however, the Insured will be travelling the western provinces for the next year.

Regardless of where the vehicle is registered, Facility Association shall not provide insurance for vehicles which are never operated in the jurisdiction in which they were registered.

When a vehicle is registered in one jurisdiction but used in another, the following is to be used as a guide for rating purposes.

1. The vehicle must be insured on a policy from the jurisdiction where it is legally registered, even if the vehicle is chiefly used in another jurisdiction.

2. If it is known in which territory the vehicle is being used and there are FA premiums for that territory, then the appropriate FA premiums for that territory must be used.

   For example: The Insured resides in Toronto and the vehicle is registered in Ontario but the Insured is attending university in Halifax. Rates for Halifax must be used.

3. If the vehicle is being used in the U.S., it must be rated in the territory in which it is registered. *For example*: The Insured lives in Toronto and is on a sabbatical in California and the vehicle is registered in Ontario. Toronto rates apply.

4. U.S. exposure surcharge does not apply to private passenger vehicles that are used for personal use only.

5. If the vehicle is used within one region as defined below, it is to be rated as though it is used in the highest rated territory of that region. If the vehicle is used in more than one region of Canada, it is to be rated as if used in the highest rated region.

   Region 1 – Atlantic Provinces
   Rate as New Brunswick Territory 3

   Region 2 – Central (Ontario and Quebec)
   Rate as Ontario Territory 20

   Region 3 – West and North
   Rate as Edmonton (Alberta Territory 4)

6. If the vehicle is used in a Canadian jurisdiction for which Facility Association has no rates, the following shall apply:
   - Charge Alberta Territory 4 for British Columbia, Saskatchewan and Manitoba.
   - Charge Ontario Territory 20 for Quebec.

At the Servicing Carrier's discretion, a copy of fuel tax information, log books and/or other pertinent records may be required to verify mileage and travelled jurisdictions.

Rule 145: Purchasing Vehicles in Jurisdiction Where FA Does Not Operate

When an Insured acquires a new vehicle and all vehicles owned by the Insured are covered under a POL 1, coverage is automatically provided for the newly acquired vehicle if the Insurer is notified of the acquisition within 14 days.

When the Insured:
a) acquires a vehicle in the U.S. and brings it to Canada to a jurisdiction in which FA operates
or
b) acquires a vehicle in a jurisdiction in Canada in which FA does not operate;

FA shall, if necessary, issue a short term policy to provide coverage while the vehicle is in transit (under a transit authority permit) before it is registered in the jurisdiction of residence. The short term policy shall only be provided for a period of time sufficient to allow the vehicle to be driven from the point of purchase to the residence of the owner. This should correspond to the period of time the transit permit is valid.

When the Insured comes through Customs, the vehicle must be declared and the Insured will be provided with the appropriate forms to complete and submit to the provincial registry so that the vehicle may be registered. A new application can then be submitted for a 6 or 12 month policy if required.

Where an individual or company has a business that includes the purchasing of vehicles in the U.S. or jurisdictions where FA does not operate for shipment back to a Canadian FA jurisdiction for resale, coverage must be provided by means of a garage policy for Automobile Dealers.

Premium Calculation

The premium is to be calculated in accordance with Short Term Tables subject to minimum premium.

Private passenger vehicles are to be rated class 01 or 08-19 using the appropriate driving record. There is no surcharge for U.S. exposure.

The territory to be used is the territory where the Insured resides.

Rule 146: Short Term Rentals - Unspecified Lessees - Leases of 30 Days or Less

Use POL 1 and END 5c.

Insurance is provided on a specified vehicle/per vehicle basis and use of END 21A/B is not permitted. Use of END 44R is not permitted.

All Terrain Vehicles	250% of the normal rate
Any other vehicle	Refer to Servicing Carrier

2. Accident Benefits, Uninsured Automobile

Charge the normal rate for the type of vehicle concerned using Driving Record 0.

Rule 147: Long Term Leases-Specified Lessees - Leases Exceeding 30 Days

A. Application

Each lessee must complete an application form. The name and address of the Applicant/lessee and the name and address of the lessor must be shown where required on the application form.

B. Policy

Use POL 1 with END 5. The name and address of the lessor and the name and address of the lessee must appear on the policy declaration page.

C. Rating

The vehicle is rated as if owned by the lessee.

Rule 148: Driver Training Vehicles

All driver training vehicles shall be rated based on the trainer and that individual's experience. These vehicles shall not be rated for the trainee.

Use POL 1 with END 6D. This endorsement extends the Liability section of the policy to cover the Applicant's liability for student drivers/observers.

A. Driving Record

Driving record is to be calculated in accordance with the section of the manual that applies to a similar class of vehicle, subject to a maximum of Driving Record 3. Clear record earned on a similar vehicle which was not previously used for driver training shall be applied when determining the driving record for driver training vehicles.

For example: The Insured opens a driver training school and either uses his own car or buys another car to use as a driver training vehicle. The Insured has no previous experience with driver training and is 5 years accident free. According to the rules in this section, the Insured is entitled to Driving Record 5; therefore, the Insured is entitled to Driving Record 3 on the driver training vehicle.

B. Vehicle used solely for Driver Training

Calculate the premium as follows, add any applicable accident and conviction surcharges, and then apply the surcharges indicated in the Driver Training Vehicle Surcharge Table:

Private passenger vehicles:
Rate as Class 07 (Driving Records 0, 1, 2, 3 only).

Commercial vehicles:
Light - Rate as Class 36; Heavy - Rate as Class 44

Public vehicles (Buses etc):
Private passenger vehicles - Rate as Class 07

Other vehicles - Light: Rate as Class 36; Heavy: Rate as Class 44

Recreational vehicles:
Rate at non-pleasure rates

C. Vehicles used for Driver Training in addition to some other use

1. Calculate the premium as though the vehicle is used solely for driver training.

2. Calculate the premium as though the vehicle were used solely for the 'other use'. *For example:* If the vehicle is used for driving to and from work less than 17km one way, use Class 02.

3. Add the dollar value of the driver training surcharge calculated in Step 1 below to the premium calculated in Step 2.

4. Compare the premium in Step 1 to the premium calculated through Steps 2 and 3 and use the higher of the two.

For example:
Step 1
The vehicle is a private passenger type vehicle and using Class 07, the total premium is $700. The Liability premium is $200. The vehicle is equipped with dual controls so a surcharge of 35% is applied to the Liability premium for a surcharge of $70. The total policy premium calculated in Step 1 is therefore $770.

Step 2
The driver training use is part time and the Insured also uses the vehicle to drive to and from another job; therefore, a premium of $400 is calculated by rating the vehicle as Class 02.

Step 3
The premium in Step 2 is $400 and we add to that the surcharge premium of $70 calculated in Step 1.

Step 4
Use the higher of the results from Step 1 ($770) or Step 3 ($470).

D. Driver Training Vehicle Surcharge Table

1. Vehicles used only for Secondary School, College or University training courses

Rule 149: Fleets

A. Definition

A fleet is a group of not less than five automobiles:

- that are under common ownership or management
- of which at least five are commercial vehicles, public vehicles or vehicles used for business purposes, and
- of which any that are subject to a lease agreement for a period in excess of 30 days are leased to the same insured person.

B. Fleet Rating

Fleet policies may only be issued on an annual basis.

Fleets of 9 or fewer self-propelled vehicles will be individually rated; fleets of 10 or more self-propelled vehicles will be experience (fleet) rated.

Fleets are subject to experience rating as of the commencement date of each policy period. If the fleet is insured through FA by two or more policies issued by one or more Servicing Carriers, the policies must have a common expiry date to facilitate experience rating.

For experience (fleet) rating, the Applicant must have had 120 months of Liability insurance in the past 12 months i.e. 10 vehicles with Liability coverage for the past year, regardless of the number of policies on which those vehicles were insured.

For example: If the Insured owned 10 vehicles and leased (on a long term basis) 1 vehicle that were insured for Liability for the past 12 months, the Insured has 132 months of Liability insurance. If the Insured only had 7 vehicles insured for Liability in that period, there would only be 84 months of Liability insurance and the policy would not be experience rated.

The 120 months is established on the basis of vehicles the Insured has owned or leased from others. The Applicant may be required to provide proof of vehicle registration and ownership. Vehicles that are leased for more than 30 days to others are not to be considered unless those vehicles are leased to one lessee and meet the definition of a fleet.

Vehicles that the Insured leases from others must be insured on a separate policy with the same expiry date as the policy for owned vehicles. If the policy for owned vehicles and the policy for the leased vehicles are insured through FA whether or not with the same Servicing Carrier, the policies shall be experience rated. If however, one policy is insured in the voluntary market and the other policy is insured through FA, the FA policy shall only be experience rated if there has been 120 months of liability insurance in the past 12 months for the vehicles insured through FA. If the policy does qualify for experience rating, only the experience on the vehicles insured through FA shall be used to promulgate the rate.

The months of Liability insurance for vehicles whose rates are derived from a Class 07 base and for commercial vehicles rated as private passenger (because of dual use), are included in the 120 month calculation. The months of Liability insurance on personal use recreational vehicles and private passenger vehicles solely used for pleasure (no driving to and from work for the Applicant's business) are not included in the 120 month calculation. However, once it has been established that a risk is to be experience rated, private passenger vehicles other than those rated Class 07 shall be included (with any claims) on the policy and in the experience rating.

Where a new fleet is being submitted to FA consisting of vehicles which are a sub-group of a voluntary market fleet and there is no verification of which claims involved which vehicles, the FA formula shall take into account the claims that occurred on all vehicles. It is the responsibility of the Agent/Broker/Insured to provide the claim history documentation for the vehicles to be insured through FA. Where a vehicle(s) on an existing fleet is being newly insured through FA, the claim history shall follow the vehicle(s).

Experience rating includes the following:

- Losses are always taken into account in rating even if there was no insurance in effect or the loss was repaid to the Insurer by or on behalf of the Insured or if the Insured chose not to present the claim.
- Claims (paid by the previous Insurer, reimbursed to the previous Insurer or paid by the Insured) outside the coverage on the application
- Any amount paid back by the Insured due to an END 8 on the policy with the prior Insurer
- Claims falling within a specific deductible not offered by FA e.g. on an occurrence basis regardless of the coverage involved in the loss
- Amounts above FA deductibles when the prior Insurer had higher deductibles
- Losses falling within any special agreements with the prior Insurer

NOTE: Full experience details must be obtained directly from the prior Insurer to ensure all information on the risk is provided.

Fleets are to be written on a specified vehicle basis not on a blanket or receipts basis, therefore the use of END 21A and 21B is not permitted.

Midterm Rating
Midterm rating is not permissible for changes that occur (i.e. revision of claim reserves) during the policy term merely because of the lapse of time.

If it is discovered during a policy term that a risk is a fleet and is eligible for experience rating, it shall be experience rated at the time of next renewal. If more than one policy qualifies for experience (fleet) rating, the fleet policy shall be issued effective the renewal date of the earliest expiring policy, based on the information for all vehicles. The remaining vehicles shall be added to the fleet at the expiry date of their policies.

If the insurance is written by more than one Servicing Carrier, each policy upon expiry shall be subject to experience rating and shall be insured to the common expiry date.

If vehicles being added to a fleet insured through FA were previously on another fleet with the same common ownership or management as the FA fleet, these added vehicles are subject to experience rating as outlined in Rule 149:B. Fleet Rating.

Optional Physical Damage Coverage
Vehicles may not be covered for Comprehensive/Specified Perils only.

The Collision portion of All Perils and Collision coverage shall be regarded as the same coverage for the purposes of determining the number of months of coverage, similarly, the portion of All Perils and, Comprehensive and Specified Perils shall be regarded as the same coverage.

Where Collision claims that have occurred in the past three years cannot be allocated to specific vehicles, the claims shall be assigned to the highest rated vehicles, one to each in descending order.

C. Loss Information

For experience rated fleets, any reserve change for a loss in any previous term shall be added to the incurred losses of the policy term in which the reserve was changed.

For example: The new policy term will be May 1, 1999 to May 1, 2000. The Insured had 2 losses between May 1, 1998 and May 1, 1999. The Insured had 2 losses between May 1, 1997 and May 1, 1998. The Insured had no losses between May 1, 1996 and May 1, 1997 but in September 1996 there was a $20,000 reserve increase on a claim that occurred in 1994. When listing the losses that occurred in the 2nd Prior Year (25-36 months) on the Automobile Fleet Schedule, the $20,000 reserve must be entered.

D. New Applications

1. Forms required for Fleet Submissions

a) Facility Association binder application form fully completed and signed. Under vehicle items show 'Fleet Policy'.
b) Automobile Fleet Schedule
All vehicles including trailers for which insurance is required must be fully described.
c) Fleet Vehicle Count Calculation
Must be completed to determine the number of vehicles insured by coverage.
d) Fleet Rating Information Statement
This form provides additional information about the risk.
e) Any additional supplements such as drivers list, taxi questionnaire.

2. Incomplete Fleet submission forms
If the necessary information required by the Servicing Carrier to properly rate the policy is not received within 15 days of the intended effective date, the policy shall be issued at the quoted premium and cancelled by registered letter.

3. The Applicant must understand that:

The risk is bound from the effective date shown and an earned premium shall be charged.

The application is subject to the Facility Association fleet rating formula and the resulting premium may be substantially greater than the base premium quoted by the Agent/Broker.

If proof of insurance is required by U.S. authorities, a currency differential surcharge shall be applied to the Liability premium. See Rule 138: U.S. Exposure.

The Servicing Carrier may require payment of additional fees if proof of insurance has to be issued. See Rule 137: Proof of Insurance.

4. Agent/Broker responsibilities:

Submit all fully completed and signed fleet submission forms. Items on the binder application dealing with specific vehicles are to be answered 'Fleet Policy'. Incomplete forms shall be returned for completion resulting in policy issuance delays. Premiums are to be calculated at Driving Record 0 and must include the U.S. exposure surcharge if applicable. The Servicing Carrier shall provide assistance to the Agent/Broker if rates for a particular type of risk or vehicle are not published in this manual.

Collect from the Applicant the premium quoted at Driving Record 0 or arrange a premium finance contract. The Agent/Broker is responsible for the pro rata earned premium based on the correct premium calculation at Driving Record 0 in the event of non-payment by the Insured.

Issue temporary (30 day) liability cards for each self-propelled vehicle listed on the Fleet Schedule as of the date coverage was bound. It is not permissible to use a 'blanket' wording of any kind.

A premium must be quoted and the risk bound before the fleet is submitted.

5. Servicing Carrier responsibilities:

The Servicing Carrier shall not provide quotations or accept fleet submissions which have not been bound.

If the manual does not provide information for rating a particular risk, the Servicing Carrier will assist the Agent/Broker in establishing a method of rating. The Servicing Carrier will also assist in determining rate groups which are not published.

Upon receipt of the properly completed documents the Servicing Carrier shall verify the information and loss history of the risk with the previous carrier as required and ensure prompt issuance of the policy documents.

6. If the revised premium is not acceptable:

If a promulgated fleet rating is not acceptable to the Applicant, the coverages shall be cancelled without charge if all temporary liability cards are returned and received by the Servicing Carrier no later than the intended effective date (the date coverage was bound). Where the temporary liability cards are not received by the intended effective date and the Agent/Broker reports non-payment of the additional premium within 30 days of receiving notice of the additional premium, the earned premium for cancellation shall be calculated pro rata on the quoted premium calculated at Driving Record 0. Otherwise the earned premium shall be calculated pro rata on the promulgated fleet rating.

For example: The Agent/Broker bound coverage as of June 1 and quoted the Applicant a premium of $10,000 at Driving Record 0. On June 20, the Agent/Broker receives the fleet policy from the Servicing Carrier. The fleet has been promulgated at a premium of $12,000. The Agent/Broker advises the Insured of the premium increase and the Insured advises he/she wants to cancel the policy. On July 15, the Agent/Broker advises the Insurer to cancel the policy for nonpayment. Because the request for cancellation was received within 30 days of June 20, the earned premium will be calculated pro rata on a premium of $10,000.

If a fleet rating has been established for a risk and the Applicant has rejected the premium, a new application covering any vehicle in the Applicant's name previously on the fleet, must be quoted to the Applicant at the fleet rate not Driving Record 0.

In the event that a policy issued from that new application must be cancelled because the Applicant rejects the premium, the earned premium shall be calculated pro rata of the fleet rate not Driving Record 0.

For example: Using the above example, on September 1, the Agent/Broker resubmits substantially the same fleet for the same Insured to the Servicing Carrier, quoting a premium of $10,000 at Driving Record 0. The policy is issued at a premium of $12,000 and the Agent/Broker receives it on September 22. The Insured again rejects the additional premium and the Agent/Broker requests cancellation for non-payment on October 10. The earned premium will be calculated pro rata on a premium of $12,000.

7. Premium Calculation

NOTE: These calculations pertain to private passenger vehicles only. For other classes, refer to the appropriate section of the manual.

Liability and DCPD

Where the Applicant requires limits in excess of $1,000,000 the Agent/Broker must discuss the risk with the Servicing Carrier prior to binding. Many risks will not be eligible for limits in excess of $1,000,000.

Note: The application form must indicate the limits actually required and the applicable endorsements (END 6A/B/C/F, 22).

Private Passenger Vehicles
Enter the premium applicable to the statutory minimum limit.

Optional Physical Damage Coverages

All Perils

a) This coverage is no longer offered on FA policies.

c) Record All Perils losses according to the peril under which they were paid i.e. Collision losses under Collision and Comprehensive/Specified Perils losses under Comprehensive/Specified Perils.

All Optional Physical Damage Coverages
Enter premium and deductibles where indicated.

Premium Totals
Liability

a) Total the appropriate premiums and enter the totals under the appropriate tables.

b) Apply the increased limit factor for limits up to $1,000,000.

c) Apply the increased limit factor for limits over $1,000,000 if required.

d) Add the final total under each table to the total derived from adding together all other premiums.

All Other Coverages
Total the premiums in each column.

E. Renewals

Prior to the expiry of experience rated insurance, the Servicing Carrier may ask the Agent/Broker to have certain forms completed to update the information on record.

Such a request will usually be made well in advance of the expiry date because of the need to issue the renewal policy/certificate/offer to renew before the insurance expires.

The appropriate renewal documents shall not be issued unless and until the required forms, properly completed, have been returned.

Rule 150: Carrying Explosives

The standard policy exclusion for carrying explosives may be modified to permit carriage of specified explosives only, by adding END 4A. END 4A can be applied to all coverages or limited to the mandatory coverages.

An Explosive Questionnaire must be completed and signed by the Applicant, submitted to the Servicing Carrier and subject to the acceptance of the completed questionnaire.
There shall be an additional charge applied to the vehicle premium. Contact your Servicing Carrier for the amount of the additional premium.

Rule 151: Carrying Radioactive Material

The standard policy exclusion for carrying radioactive material may be modified to permit the carriage of specified radioactive material only, by adding END 4B. END 4B can be applied to all coverages or limited to the mandatory coverages.

A Radioactive Materials Questionnaire must be completed and signed by the Applicant and submitted to the Servicing Carrier. Subject to acceptance of a completed questionnaire, an additional charge shall be applied to the vehicle premium.

Contact your Servicing Carrier for the amount of the additional premium.

Rule 152: Endorsements Applicable to POL 1 (Owner's Policy)

Notes:

1. **No endorsements, no special wordings and no changes to standard forms are permissible except as approved by or on behalf of the Superintendent(s) of Insurance.**
2. **This rule provides certain details of approved endorsement forms. The descriptions are necessarily very brief and reference must be made to the actual wordings of the endorsements to ascertain the full provisions and restrictions.**
3. **In certain cases a copy of the endorsement must be signed by the Applicant and filed with the Servicing Carrier. The insurance will not be continued or the policy will be re-rated, if this requirement is not met.**
