DATE: AUGUST 8, 2008

BULLETIN NO: F08 – 057

**SUBJECT RISK SHARING POOLS IT MODERNIZATION – ALL-INDUSTRY
TEST LAUNCH**

As previously announced, the All-Industry Test phase of the new Facility Association Risk Sharing Pool (RSP) data submission, correction and reporting system will begin this Monday, August 11th, 2008.

The All-Industry Test is a critical part of the multi-step testing process that will ensure that RSP using member companies will be ready for the November 2008 transition to the new RSP system.

The new RSP application will be available on-line at: <https://portaluat.facilityassociation.com>.

User IDs and initial passwords will be distributed directly to each user via email on Sunday, August 10th.

Additional information, including All-Industry Test Release Notes, RSP application and procedures manuals, and RSP application E-learning videos are available in the IT Modernization area of Facility Association's website at: http://www.facilityassociation.com/IT_Modernization.asp

Please email any questions and comments regarding the IT Modernization to: FAtestingsupport@facilityassociation.com
