

**TO:** Project Managers  
All Servicing Carriers

**BULLETIN NO:** All-Canada SC2022-05

**DATE:** September 23, 2022

**SUBJECT:** Hurricane Fiona

To All FARM Project Managers:

With hurricane Fiona due in the East Coast, effective September 23<sup>rd</sup>, 2022 Facility Association is suspending adding physical damage coverage (Collision, Comprehensive and Specified Perils) to any class of vehicles located in the four Atlantic Provinces where the vehicle does not already have that specific coverage.

The suspension of providing physical damage coverage also applies to new business, addition of vehicles and substitutions being bound to be written through Facility Association.

Please note Facility Association is committed to providing insurance as required by law for mandatory coverage, but as physical damage only policies are provided as an additional part of the FA offering for the general benefit of the public, it is deemed unsuitable to offer this coverage during this time.
