BULLETIN NO: F2024-025

DATE: June 21, 2024

**SUBJECT: NOVA SCOTIA RISK SHARING POOL
ANNUAL UPDATE OF MEMBER SHARING RATIOS
MAY 2024 OPERATIONAL REPORT**

With the recent availability of industry Automobile Statistical Plan (ASP) data for 2023, the share ratios have been updated for the Nova Scotia Risk Sharing Pool as follows:

The May 2024 Operational Report reflects a retroactive adjustment in respect of Accident Years 2022, 2023, 2024, and 2025 (used to share the portion of premium written in 2024 that will earn in 2025) where the participation ratios are determined on the basis of Accident Year 2022 Earned Car Years developed to 24 months and 2023 Earned Car Years developed to 12 months. The 2023 Earned Car Years developed to 12 months is used for the participation ratios for Accident Years 2024 and 2025. The share ratios for accident years 2024 and 2025 will next be updated in June 2025 at which time both will be based upon accident year 2024 developed to 12 months. The share ratios for accident years 2021 and prior were previously finalized and are therefore not subject to further change.
