BULLETIN NO: F2022-046

DATE: June 29, 2022

**SUBJECT: ALBERTA RISK SHARING POOL
ANNUAL UPDATE OF MEMBER SHARING RATIOS
MAY 2022 OPERATIONAL REPORT**

With the recent availability of industry Automobile Statistical Plan (ASP) data for 2021, the share ratios have been updated for the Alberta Risk Sharing Pool as follows:

The May 2022 Operational Report reflects a retroactive adjustment in respect of Accident Years 2020, 2021, 2022, and 2023 (used to share the portion of premium written in 2022 that will earn in 2023) where the participation ratios are determined on the basis of Accident Year 2020 Earned Car Years developed to 24 months and 2021 Earned Car Years developed to 12 months. The 2021 Earned Car Years developed to 12 months is used for the participation ratios for Accident Years 2022 and 2023. The share ratios for accident years 2022 and 2023 will next be updated in June 2023 at which time both will be based upon accident year 2022 developed to 12 months. The share ratios for accident years 2019 and prior were previously finalized and are therefore not subject to further change.
