SUBJECT: FACILITY ASSOCIATION NEW WEBSITE

Some exciting news from Facility Association! This morning, FA launched our new website. The new site improves functionality and navigation, as well as being accessible on your mobile device. Based on your input and requests, we believe the overall experience will be greatly enhanced. We encourage you to browse and explore the new site. For your convenience, you can click the following link <https://facilityassociation.com> which will direct you to the new site. Please note that due to the scheduled phase out of Internet Explorer 11 our new website is not supported on that browser.

FA is also excited to introduce a new and modernized logo. Our new logo reflects both the future and our tradition: representing the growing importance of data and technology, while continuing our commitment to our Purpose to ensure the availability of automobile insurance to owners, lessees and licensed drivers of motor vehicles who are eligible.
