Prince Edward Island

BULLETIN NO.: ATL.AGCY 2025-02

DATE: August 18, 2025

SUBJECT: Final Update: New Fleet Rating Algorithm

As previously communicated under ATL.AGCY 2025-01, the Facility Association (FA) has developed a new internal fleet-rating algorithm, eliminating reliance on external consultants. This initiative gives FA greater flexibility to adapt to internal specifications and the agility to deliver enhanced rating capabilities.

FA partnered closely with Nordic Insurance (Nordic), to prepare the new fleet rater for rollout across New Brunswick, Newfoundland & Labrador, Nova Scotia and Prince Edward Island on August 1, 2025, for both new business and renewals.

We are pleased to confirm that all defects identified during our pre-launch testing have been fully resolved. The new fleet-rating tool is live and operating in all four Atlantic provinces.

Please continue to submit fleet new business and renewal applications as usual—no additional action is required on your part.

Thank you for your patience and ongoing partnership as we deliver this enhanced rating solution.

This bulletin is being distributed by Servicing Carriers to whom all enquiries should be addressed.
