BULLETIN NO: F2026-024

DATE: July 23, 2026

SUBJECT: ALBERTA RISK SHARING POOL
ANNUAL UPDATE OF MEMBER SHARING RATIOS
JUNE 2026 OPERATIONAL REPORT

With the recent availability of industry Automobile Statistical Plan (ASP) data for 2025, the share ratios have been updated for the Alberta Risk Sharing Pool as follows:

The June 2026 Operational Report reflects a retroactive adjustment in respect of Accident Years 2024, 2025, 2026, and 2027 (used to share the portion of premium written in 2026 that will earn in 2027) where the participation ratios are determined on the basis of Accident Year 2024 Earned Car Years developed to 24 months and 2025 Earned Car Years developed to 12 months. The 2025 Earned Car Years developed to 12 months is used for the participation ratios for Accident Years 2026 and 2027. The share ratios for accident years 2026 and 2027 will next be updated in June 2027 at which time both will be based upon accident year 2026 developed to 12 months. The share ratios for accident years 2023 and prior were previously finalized and are therefore not subject to further change.

Additional details maybe found by referencing Article V of the Plan of Operation which can be found on our website:
