Rule 138:  Outside Nova Scotia Exposure	<p><b>B. Currency Differential Surcharge</b> Whenever proof of insurance is required by U.S. authorities, a currency differential surcharge is added to the Liability premium to provide for the potential additional loss arising from the payment of a claim in U.S. dollars.</p> <p>The currency differential is the rate of exchange being charged for the U.S. dollar, to the nearest cent, as at the date the premium is calculated by the Servicing Carrier for policy issuance. The Servicing Carrier shall use the Bank of Canada closing rate from the previous published day.</p> <p><b>The surcharge percentage is calculated by means of the following formula:</b></p> <p><b>Currency differential x Outside Nova Scotia exposure surcharge</b></p> <p>For example: The rate of exchange for the U.S. dollar is 1.3085 Canadian. Therefore the currency differential is 0.31. The Outside Nova Scotia exposure surcharge is 25%.</p> <p><b>Currency differential surcharge:</b> <b>0.31 X 25% = 7.75%</b></p> <p><b>The currency differential surcharge is</b> 1. Applied only to the Liability premium (Road/Passenger Hazard) not DCPD. 2. Not subject to a minimum surcharge.</p> <p>3. Additional to but not compounded on the Outside Nova Scotia exposure surcharge.</p> <p>Example: The Liability premium is \$1,000 Outside N.S. Exposure Surcharge is 25% The Currency Differential Surcharge is 7.75% Base Premium \$1,000 Outside N.S. Exposure \$1,000 X .25 \$250 Currency Differential \$1,000 X 7.75 = 77.50 \$78 Total Liability premium \$1,328</p>	<p><del><b>B. Rule 149:  Fleets	<p>If vehicles being added to a fleet insured through FA were previously on another fleet with the same common ownership or management as the FA fleet, these added vehicles are subject to experience rating as outlined in Rule 149:B. Fleet Rating.</p> <p><b>Midterm Rating</b> Midterm rating is not permissible for changes that occur (i.e. revision of claim reserves) during the policy term merely because of the lapse of time. If it is discovered during a policy term that a risk is a fleet it shall be experience rated at the time of next renewal. If more than one policy qualifies for fleet rating, the fleet policy shall be issued effective the renewal date of the earliest expiring policy, based on the information for all vehicles. The remaining vehicles shall be added to the fleet at the expiry date of their policies.</p> <p>If the insurance is written by more than one Servicing Carrier, each policy upon expiry shall be subject to experience rating and shall be insured to the common expiry date.</p> <p><b>Optional Physical Damage Coverage</b> Vehicles may not be covered for Comprehensive/Specified Perils only.</p> <p>The Collision portion of All Perils and Collision coverage shall be regarded as the same coverage for the purposes of determining the number of months of coverage,</p>	<p>If a risk insured through FA meets the definition of a fleet, any vehicles added to the policy will be experience rated. The policy including any subsequent renewals will remain experience rated until the risk no longer meets the definition of fleet.</p> <p>Where a new fleet is being submitted to FA and there is no verification of which claims involved which vehicles, the FA formula shall take into account the claims that occurred on all vehicles. It is the responsibility of the Agent/Broker/Insured to provide the claim history documentation for the vehicles to be insured through FA.</p> <p><del>If vehicles being added to a fleet insured through FA were previously on another fleet with the same common ownership or management as the FA fleet, these added vehicles are subject to experience rating as outlined in Rule 149:B. Rule 149:  Fleets	<p><i>For example:</i> The Agent/Broker bound coverage as of June 1 and quoted the applicant a premium of \$10,000 at Driving Record 0. On June 20, the Agent/Broker receives the fleet policy from the Servicing Carrier. The fleet has been promulgated at a premium of \$12,000. The Agent/Broker advises the insured of the premium increase and the insured advises they want to cancel the policy. On July 18, the Agent/Broker advises the insurer to cancel the policy for non-payment. Because the request for cancellation was received within 30 days of June 20, the earned premium will be calculated pro rata on a premium of \$10,000.</p> <p>If a fleet rate has been established and the policy is cancelled because the applicant rejects the premium, where a new application is submitted within 30 days of the cancellation of the fleet policy, either covering the same vehicles, or covering less than 10 vehicles individually rated, and the applicant still has at least 10 vehicles insured under different FA policies, then the premium will be quoted at the full rate and not the individual vehicle premium.</p> <p><i>For example:</i> Using the above example, on September 1, the Agent/Broker resubmits substantially the same fleet for the same insured to the Servicing Carrier, quoting a premium of \$10,000 at Driving Record 0. The policy is issued at a premium of \$12,000 and the Agent/Broker receives it on September 22. Rule 228:  Outside Province Exposure	<p>Any commercial or interurban vehicle that is operated in the U.S., or another Canadian jurisdiction, is subject to a surcharge (or discount).</p> <p>The surcharge does not apply where the vehicle is used for personal use only and proof of insurance is not required.</p> <p>Refer to Rule 200.D for a list of Supplementary Underwriting documents that may be required on vehicles traveling outside of the jurisdiction of registration, including into the U.S.</p> <p>If the Named Insured(s) has no prior insurance, refer to Rule 204.G: No Prior Insurance with Out-of-Province including U.S. Exposure</p> <p>NOTE: If the Named Insured has not previously traveled outside of the Province/Territory or into the U.S., the vehicle(s) shall be underwritten with <b>75% Out of Province/Territory or U.S. Exposure surcharge</b>. This applies to both Commercial and Interurban vehicles</p> <p><b>B. Currency Differential Surcharge (Excluding Interurban Vehicles)</b> Whenever proof of insurance is required by U.S. authorities, a currency differential surcharge is added to the Liability premium to provide for the potential additional loss arising from the payment of a claim in U.S. dollars. The currency differential is the rate of exchange being charged for the U.S. dollar, to the nearest cent, as at the date the premium is calculated by the Servicing Carrier for policy issuance. The Servicing Carrier shall use the Bank of Canada closing rate from the previous published day.</p> <p><b>The surcharge percentage is calculated by means of the following formula:</b> <b>Currency differential x Percentage of U.S. exposure</b> For example: The rate of exchange for the U.S. dollar is 1.3085 Canadian. Therefore the currency differential is 0.31. The vehicle travels outside the Province 50% of the time. If the Insured only had 9 vehicles insured for Liability in that period, there would only be 108 months of Liability insurance and the policy would not be experience rated.</p> <p>The 120 months is established on the basis of vehicles the Insured has owned or leased from others. The Applicant is required to provide proof of valid vehicle registration and ownership. Rule 438:  Fleets	<p>A fleet is a group of 10 or more self-propelled vehicles under common ownership or management and used for business, commercial, or public transportation. Vehicles on a long term lease are considered the equivalent of owned in determining whether or not a risk is a fleet. The Applicant must have had 120 months of Liability insurance in the past 12 months i.e. 10 vehicles with Liability coverage for the past year, regardless of the number of policies on which those vehicles were insured.</p> <p>For example: If the Insured owned 10 vehicles and leased (on a long term basis) 1 vehicle that were insured for Liability for the past 12 months, the Insured has 132 months of Liability insurance. If the Insured only had 9 vehicles insured for Liability in that period, there would only be 108 months of Liability insurance and the policy would not be experience rated.</p> <p>The 120 months is established on the basis of vehicles the Insured has owned or leased from others. The Applicant is required to provide proof of valid vehicle registration and ownership. Vehicles that are leased for more than 30 days to others are not to be considered unless those vehicles are leased to one lessee and meet the definition of a fleet.</p> <p>Vehicles that the Insured leases from others must be insured on a separate policy with the same expiry date as the policy for owned vehicles. If the policy for owned vehicles and the policy for the leased vehicles are insured through FA whether or not with the same Servicing Carrier, the policies shall be experience rated. If however, one policy is insured in the voluntary market and the other policy is insured through FA, the FA policy shall only be experience rated if there has been 120 months of liability insurance in the past 12 months for the vehicles insured through FA. If the policy does qualify for experience rating, only the experience on the vehicles insured through FA shall be used to promulgate the rate.</p>	<p><del>A fleet is a group of 10 or more self-propelled vehicles under common ownership or management and used for business, commercial, or public transportation.
